BIG DEFALCATION STIRS NEW YORK

Missing Cashier of Russo-Chinese Bank Got Over Half Millioe.

CASE STRANGE AND PUZZLING

General Alarm Sent Out for Erwin Wider—Most Serious Defalcation in Wall Street Since Cornelius Alverd.

New York, July 25.—Erwin Wider, about. 32. years old, five feet, five inches in height. Weight about 135 pounds, swarthy of complexion with a small black mustache curled at the ends. Wears nose glasses, talks with a German accent, and is timid in address.

Such is the general alarm sent out by the police today, for the missing cashier of the Russo-Chinese bank, although, oddly enough, the district attorney's office said tonight that no aid had been asked of it by the bank and that no application for a warrant had been filed.

But this contradiction is only one in a series that have kept step with every department of what is now admitted to be at once the most puzzling and the most serious defalcation in the history of Wall street since Cornelius Alverd stole $606,000 from the First National Bank, served a term in Sing Sing, and then retired to the seclusion of a princely country place.

When the Russo-Chinese bank first made public the fact that its strong box was short, the amount was given as $80,000, all in negotiable bonds, a list of which was furnished. This after the amount suddenly jumped to $600,000 of which the additional $520,000 is said to be in stocks partly owned by the bank and partly by its customers.

No positive statement has been made yet as to where these stocks certificates now are or with what intent they were stolen—whether it was Wider's intention to hypothecate them with brokers as collateral for stock speculation or to realize on them and "plant" the proceeds.

Inspector E. Markowski, now in charge of the New York branch of the bank says he is convinced that Wider had an outside accomplice. "When Wider entered our employ," he explained tonight, "he was a modest, exemplary clerk. Within the past year I feel sure that some man of strong personality has gained control of him and changed his whole personality. I am satisfied that Wider did not steal of his own volition or on his own initiative."

It is perhaps with a hope of laying hands on the power who shaped the cashier to his own ends that the bank has dealt so delicately with Wider. His counsel and neighbor, L. R. Ginsberg, has said from the first that the bank was in touch with Wider and even tonight, after the general alarm had been sent out, Mr. Ginsberg reiterated: "They know where he is, just as well as I do."

Ginsberg was quick to supplement this statement with two qualifications. First, he wished it understood that in his attempts to arrive at an understanding at the bank he is not trying to compound a felony, and second he charges bad faith on the part of the bank.

"It was intended to have my client come forward at the proper time," said the attorney, "to take his medicine; but Wider objected to being locked up in the tombs this hot weather, when he might be unable to get bail. That was his only reason for keeping out of the way."

"On the second count Ginsberg spoke with emphasis. "There was a gentleman's agreement that the loss of the securities was not to be made public at this time," he declared. "The plan was to restore them without loss to the bank in the Fall, but instead of carrying out the agreement, the police have been put on the case and I have been dogged by detectives.

"I want to say that it was not Inspector Markowski, who discovered the loss. He knew nothing of it, nor did any one at the bank, until my client confessed."

It was known yesterday that at least the stolen bonds had been hypothecated with brokers and that the bank knew where they were.

The names of these brokers are still withheld, but today the list of possibilities narrowed down to two well known houses. "We shall institute suits to recover from two Wall street firms the securities they obtained from Wider," said Inspector Markowski. "They must have known that he did not own them; they ought to have known that he stole them."

The Russo-Chinese bank is credited in Wall street with a capital of $15,400,000; but it could not be learned today what assets or capital are credited to the branch in this city. The New York branch is not under the jurisdiction of the State Banking Department as it does not attempt a regular business in deposits, but makes loans with foreign funds.

The New York branch was established in 1907. It has as correspondents the First National and the National City banks, of this city, and the First National Bank of Chicago.

RETIRING MAYOR SLAIN WITH BOMB

Murder of A. H. Bousman, at Ridgeway, Va., Causes Excitement.

MYSTERY SURROUNDS TRAGEDY

Unprecedented Crime Mystifies Virginia Village—Negroes Are Believed to Be Responsible. Body Torn to Pieces.

Ridgeway, Va., July 25.—The assassination last night of former Mayor A. H. Bousman, aged 55, who was killed by the explosion of a dynamite stick hurled under the hammock, in which he was sleeping in his front yard, has aroused and mystified the inhabitants of this village and the surrounding country.

The crime, unprecedented in this section of the county, had apparently been carefully planned by its perpetrator whose identity the authorities or members of the victim's family have been unable even to guess at.

The dynamite stick which tore the body of former Mayor Bousman to pieces was thrown from the street in front of his home about 10 o'clock at night. The charge of the dynamite must have been a heavy one because the body of Mr. Bousman was badly torn to pieces. A part of the fuse of the stick was today found on the room of the Bousman residence, where it had been blown by the force of the explosion. On the sides of houses 60 feet away blood had been spattered and bits of flesh adhere to the walls. Bits of the body also were found on the roof of an adjoining house.

The assassinated man is survived by a wife and son of 12 years, both of whom are prostrated by the murder. Mr. Bousman had been offered the nomination but declined to accept the honor. He was extensively engaged in farming and was a large grower of cabbage. John O. Coan, a prominent tobacconist of Winston-Salem, N. C., is a brother-in-law of the dead man. Mr. Bousman was connected with prominent families in Henry and Franklin counties and in other sections of Virginia.

Mayor Bousman had been spending the hot evening sleeping in a hammock swung between two trees on the lawn in front of his residence. Without a word of warning at about 10 o'clock the dynamite bomb was thrown by some one passing along the street. It landed in the hammock at his feet and in an instant exploded. The mayor's feet were torn away by the bursting shell and his legs frightfully mutilated. In great agony he died an hour later.

Although the town authorities, when notified of the murder, made every effort to discover the assassin, no clue could be found and it is believed he escaped without being seen by any one. The news quickly spread about town and excitement grew to a high pitch. The surrounding community today is worked up over the murder and it is believed if the perpetrator of the assassination is caught he will be summarily dealt with.

As Mayor of Ridgeway, Mr. Bousman presided over the police court of the town trying petty cases. It is thought that some person upon whom Bousman in his court had passed sentence of punishment held a grudge against him and had been awaiting an opportunity to wreck violence on the mayor. This opportunity came last evening when the Mayor lay sleeping in the open air.

While returning from his farm in the country to the town a w ek ago some unknown person hurled an explosive at Mr. Bousman as he was riding past a wooded section. He told his friends of the occurrence, but they treated the matter as a joke and it was not given serious thought until today.

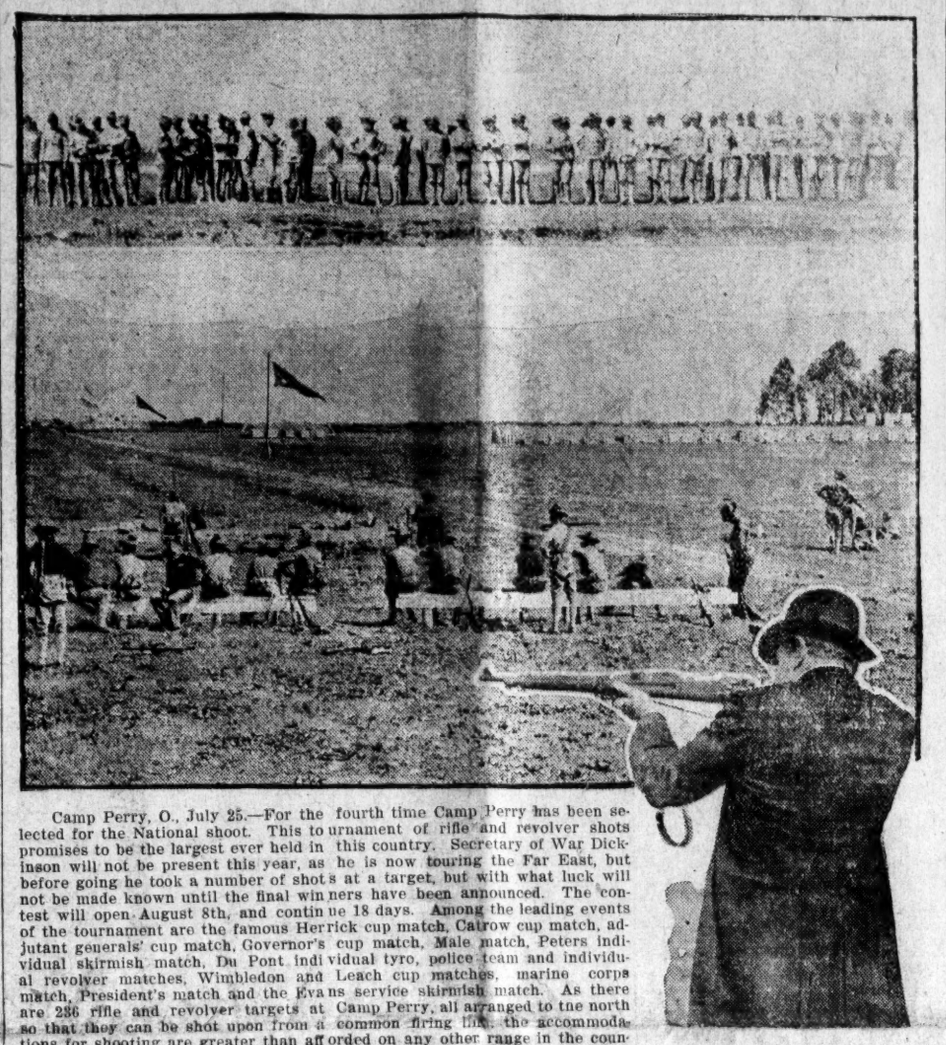
At a special meeting of the town council this afternoon a reward of $2.50 was offered by the town for the capture of the murderer. The governor of the State and the authorities of Henry county will be asked to duplicate the amount.

Detectives and bloodhounds are expected here this evening from Roanoke.

As to the assassin all is surmise. The mayor frequently has had occasion to punish negroes, who were brought before him for violation of law, although he always was disposed to be lenient. He had nothing to do with the killing through a mistake a harmless negro excursionist at the railway station here about a month ago, but one or two negroes from the county accused him of having ordered the firing of the fatal shot and had him indicted along with the town officer who did the shooting. This case has not yet been tried. Mica and kaolin mines were operated in this neighborhood many years and nearly every negro in this section has worked in them at one time or another and so has learned to handle dynamite. Neither mine is in operation now but at the kaolin mine , believed to be suspended temporarily, dynamite sticks, fuses and caps are stored. It is now suspected that some of these were stolen and used by the assassin. There is a suggestion, however, that dynamite was brought all the way from

(Continued on Page Eight.)

Crack of Rifle and Revolver To Enliven Camp Perry, Ohio.



Camp Perry, O., July 25.—For the fourth time Camp Perry has been selected for the National shoot. This to urnament of rifle and revolver shots promises to be the largest ever held in this country. Secretary of War Dickinson will not be present this year, as he is now touring the Far East, but before going he took a number of shots at a target, but with what luck will not be made known until the final winners have been announced. The contest will open August 8th, and continue 18 days. Among the leading events of the tournament are the famous Herrick cup match, Catrow cup match, adjutant generals' cup match, Governor's cup match, Male match, Peters individual skirmish match, Du Pont individual tyro, police team and individual revolver matches, Wimbledon and Leach cup matches, marine corps match, President's match and the Evans service skirmish match. As there are 236 rifle and revolver targets at Camp Perry, all arranged to the north so that they can be shot upon from a common firing line, the accommodations for shooting are greater than afforded on any other range in the country. The War Department and the State of Ohio will furnish tents, cots, mattresses, tables, chairs and other camp furniture free to all competitors

THE NEWBERN BI-CENTENNIAL

Great Week Opened Yesterday in City of Elms—Representation of Landing of Early Settlers—Great Crowds Assemble.

Newbern, N. C., July 25.—Stirring events in the history of Newbern, second oldest city in North Carolina, settled in 1770 by German and Swiss colonists, were re-enacted here today and tonight in celebration of the city's bicentennial.

After an exciting day in which had been depicted the landing of the colonists led by Baron de Graffenreid and his German followers and John Lawson and his Swiss colonists, their repulse by the Indians and settlement of the colony, the tragic climax in the series of Newbern's natal events were realistically portrayed tonight.

The Indians, enacted by citizens, attacked the colonists, burned their log hut, captured and burned at the stake de Graffenreid and Lawson, and were in turn driven back after a desperate battle.

Newbern was in gala raiment for the occasion and tonight red fire attendant upon the mock warfare served to further illuminate the city and thrill the inhabitants and visitors. The ceremonies began in the morning with the dedication of the Griffin Memorial building, where addresses were made by Hannis Taylor, of Washington, former U. S. Minister to Spain, and Dr. Julius T. Goebel, of the University of Illinois, both natives of Newbern. After the smoke of the re-enacted battle had cleared away the celebration closed with a torch light parade, in which hundreds of made-up hostile Indians participated.

The Day's Programme.

At 10:30 o'clock today the great Bicentennial Celebration was formally opened here in the Griffin Auditorium. The following programme was observed:

Formal opening of the Bi-centennial celebration with prayer.

Music—"The Old North State," Newbern Choral Society.

Address of Welcome—Hon. C. J. McCarthy, Mayor of Newbern.

Response to address of welcome—Hon. Hannis Taylor.

Music—"America," Newbern Choral Society.

Address—Dr. Julius I. Goebel, University of Illinois.

Music—"The Watch on the Rhine." Newbern Choral Society.

At 2:30 o'clock about 2,000 people assembled on East Front street to witness the representation of the landing of Baron De Graffenreid and his colony. Shortly after 3 o'clock this noted personage and his adherents sailed majestically up the Neuse river and landed at the foot of Pollock street, where they were met by King Taylor and then marched up to the Indian village, which was located on the court house green. After they had visited the Indian village the settlers then went to the Academy green where a fierce fight ensued between thm and the Indians and in which the settlers were defeated. At 8:30 o'clock the colonists were secretly attacked and Baron De Graffenreid and John Lawson were captured and burned at the stake much to the delight of the Indians. After this the Indians went on a torch-light parade over the business section of the city.

There are more than 2,000 visitors now in the city and each train is bringing in more of them and by Wednesday there will be very little room left for them. The reception committee, however, has made arrangements to take care of all who come.

AWAIT CRIPPEN AT MONTREAL

Scotland Yard Detectives Convinced That Murderer is Aboard Steamer Montrose—Southern Pacific Liner Due 30th.

London, July 25.—That Dr. Hawley H. Crippen and his former stenographer, Ethel Clara Leneve, are aboard the Canadian Pacific steamer Montrose, now on the high seas bound for Montreal, is the firm conviction held by Scotland Yard.

Since Crippen and his companion disapeared more than two weeks ago from the Hilldrop Crescent residence where a mutilated body supposed to be that of Crippen's wife, was found, under the cellar floor, search has been made in many countries and pursuit across the ocean seems to hold out the best prospects for the capture of the missing doctor and the Leneve woman.

Inspector Dew, who knows both Crippen and the Leneve woman personally, is now aboard the steamer Laurentic, which left Liverpool on Saturday last and is due to arrive at Montreal on July 30th. That is the date also of the arrival of the Montrose, but the Scotland Yard officials are hopeful that the inspector will reach Rimouski in time to arrest the fugitives.

According to a dispatch received here from Montreal, the Canadian Pacific railroad officials were in receipt of a wireless message from the Montrose, stating that the Leneve woman had been found and had confessed. Another dispatch from Montreal stated that the company had not been able to establish communication with the steamer.

TEDDY ON POLITICS.

First Political Utterance at St. Louis October 4th.

St. Louis, July 18.—Theodore Roosevelt's first speech of a political nature since his return to America may be delivered in St. Louis, October 11th as the result of correspondence with Governor Herbert S. Hadley. The Governor today received a letter from the former President in which the latter said he would leave the question of whether his speech is to be political or non-political to the Governor.

Governor Hadley insists that the speech be political and will urge the ex-President to make it so. "It will be in the midst of the campaign," said he tonight.

TAFT'S YACHT CAUGHT IN FOG

Adventuresome Run Off Maine Coast During Night—Yachting Party Spent Day in Penobscot Bay Trip Completed Today.

Rockland, Me., July 25.—President Taft and his yachting party spent today in and about Penobscot Bay. The Mayflower had an adventuresome run through a dense fog off the Maine coast last night which kept Commander Logan on the bridge until anchors finally were dropped on a shoal outside the entrance to the bay this morning. Late last night, after groping her way through the fog which shut in suddenly about 11 o'clock the Mayflower tried to make out the Penobscot lights, but failed. She slipped in as closely as safety would permit and then Commander Logan deciding to take no further chances, turned directly round and ran for the open sea fog signals all the while sounding.

With the approach of dawn the fog gave evidence of lifting. The gray mist had thinned considerably off shore and the Mayflower headed in. On approaching the bay, however, the fog appeared thicker and as repeated soundings showed the Mayflower over a shoal, the anchors were let go under daylight. The rising sun soon broke its way through the fog bank, the mist lifted and the presidential yacht once more got under way.

The schedule stop of three hours at Dark Harbor, Islesboro, was cut almost to nothing on account of the delay and the Mayflower soon continued on her way to Rockport about eight miles above her, and anchored off Negro Island light. Coming ashore a little later and landing at the Gilbert Dock the President, Mrs. Taft and the others, were driven to the Summer home of Mrs. A. H. Chatfield, of Cincinnati, at Beachamp Point, where they were entertained at luncheon.

Sailing at 6 o'clock this afternoon the Mayflower again headed for Dark Harbor, Islesboro, and anchored there for the night. Mrs. Thomas K. Laughlin, of Pittsburg, a sister of Mrs. Taft, has been spending the Summer at Dark Harbor and it was to visit her that the trip there was arranged.

Tomorrow morning the Mayflower will come into Rockland harbor and Mr. Taft will spend an hour here. He will be taken for an automobile ride and will make a short speech. This will be President Taft's last speaking engagement in Maine.

Leaving here at noon tomorrow the Mayflower will head directly for Casco Bay and will cruise in those waters during the late afternoon and evening. The strained right ankle, although still in bandages and still causing some pain was much better today. The President limped quite noticeably as he left his barge at Gilbert dock, today, but declared he would be all right again in a day or two.

A good time for everybody at the auction sale tomorrow on the beach.

ALDRICH SCHEMED TO BOOM STOCKS

Bristow Declares He Forced Increase in Cotton Tariff Schedules.

CHARGES AGAINST SENATOR

Asserts That He Acted When Manufacturers Were Not Asking For It. Assails Rhode Island Senator in Kansas Speech.

Topeka, Kas., July 25.—In an address here tonight United States Senator Bristow declared that United States Senator Aldrich forced an increase in the cotton tariff schedules when the cotton manufacturers in this country were not asking for it. Senator Bristow charged that the increases were made for the purpose of booming the stock market.

"It is interesting to know," he declared, "why Mr. Aldrich insisted upon increased cotton duties when the mill owners and manufacturers testified in the hearings before the Ways and Means Committee that they were not needed. But an examination of the stock issues of the United States for the year 1909 furnishes the reason.

"These increases were not made for the protection of any legitimate manufacturing enterprises in the United States but to boom the stock market. Last year there were issued $90,000,000 additional cotton and woolen stocks, $64,000,000 more had been previously authorized, but not issued and $26,000,000 of new stocks.

"How much of this stock represented actual investment, I am not advised, but under the impression that these increased duties on cotton foods and the maintenance of the excessive duty on woolens would give at least a temporary impetus to the business, these stocks found a market. So, these increases therefore driven through by Mr. Aldrich were in the interests of the stock gamblers and speculators and not in the interests of legitimate manufacturing enterprises.

"The duty on cotton goods valued at more than seven cents per square yard was increased on an average of 20 to 25 per cent. in the face of the testimony of H. P. Pippitt, representative of the Manufacturers' Association of New England before the Ways and Means committee, that the cotton manufacturers did not want an increased schedule. All they asked was that the duties be not reduced but remain the same."

THE BRADY TRIALS.

Special Term of Bladen Superior Court Convened Yesterday.

(Special Star Telegram.)

Elizabethtown, N. C., July 25.—With Judge C. C. Lyon presiding, the special term of court called by Governor Kitchin to try the Green Swamp cases, removed from Brunswick, convened here this morning. It is the State and the Waccamaw Lumber Company against J. W. and Horace Brady. The jury was completed shortly after the noon recess and when recess was taken at 5:30 P. M. till tomorrow at 9:30 A. M. only two witnesses had been examined. They were Messrs. Wells and Gibson, of the Bradford Detective Agency, of Washington, D. C. who were employed in securing evidence against the Bradys.

Mr. Wells gave a full description of how he was in league with them to blow up and destroy the company's mill plant; how they went to the mill one night and did take off parts of the machinery and destroyed it, turned out the water from one of the boilers, built a fire in it and let it burn out the flues. Mr. Gibson also told how he was in hiding and witnessed the job. There is a large crowd from Brunswick here and it will take probably most of the week to try all seven of the cases.

For Physical Exhaustion Take Horsford's Acid Phosphote

Especially recommended in physical and mental exhaustion, nervousness and impaired digestion.

OUTLINES.

Former Mayor A. H. Bousman, at Ridgeway, Va., was assassinated by a bomb at his home Sunday night. The unprecedented crime in that section has created great excitement with no trace of the murderer.——The recent shortage of $80,000 of the Russo-Chinese bank in New York has suddenly appeared to be $600,000 in bonds and a general alarm has been sent out for the arrest of the cashier.——It is now believed by Scotland Yard officials that the fugitive, Dr. Crippen, is aboard the Southern Pacific liner Montrose, which is due to arrive at Montreal on the 30th of July——Bankers in New York held a meeting yesterday and announced a new plan to prevent cotton frauds by false bills of lading.——President Taft and his yachting party spent yesterday in and about Penobscot Bay, Me.——On account of the railroad strike supplies have been cut off from several small towns on the Central Vermont.——New York markets: Money on call easy 1 1-2 to 2 per cent., ruling rate 2, closing bid and offered at 1 3-4. Spot cotton closed quiet, five points lower, middling uplands 15.75, middling gulf 16.00. Flour firm. Wheat, spot easier, No. 2 red new 1.09 elevator to arrive and 1.10 f.o.b. afloat. Corn strong, No. 2, 56 1-4 nominal elevator domestic basis to arrive. Oats firm, mixed nominal. Rosin and turpentine steady.

TO UNITE EFFORT FOR WATERWAYS

Wilmington Business Men Hear Hon. J. H. Moore and Congressman Small.

NTRACOASTAL DEVELOPMENT

Wilmington Entertains Strong Advocates of Interior Route—Trip on the Harbor—Pleased With Beach.

For the purpose of arousing a greater interest among the business men in a project destined to be of tremendous benefit to the entire country, and for the further purpose of personally looking over the field and gathering additional data, Congressman J. Hampton Moore, of Philadelphia, president of the Atlantic Deeper Waterways Association, and Congressman John H. Small, of Washington, N. C., are on a visit to all the Southern cities that will be touched by the proposed inland waterways development from Boston, Mass., to Key West, Fla., and spent yesterday in Wilmington, where they were given a most cordial reception by some of the leading citizens and business men.

The distinguished visitors arrived in the city yesterday morning, Congressman Moore from Philadelphia and Congressman Small from Washington. They were met at the station by Messrs. J. A. McGeachy and Meares Harriss, secretary of the Chamber of Commerce and North Carolina Waterways Association, respectively, and escorted to The Orton, where they were greeted by other officers of the two organizations, among them being President J. A. Taylor, of the Chamber of Commerce; President Jas. H. Chadbourn, of the North Carolina Waterways Association; Messrs. Wm. E. Worth, R. A. Parsley, H. W. Malloy and H. G. Smallbones, members of the executive committee of the waterways association. The visitors were entertained at the Cape Fear Club until the hour for the meeting of prominent business men at the Chamber and the excellent addresses of the visitors were listened to with the greatest interest and evidences of the highest approbation.

In the afternoon the visitors were taken for a trip on the harbor, leaving Market street dock on the government boat Mercur at 3:30 o'clock. The trip was by the invitation and through the courtesy of Capt. Earl I. Brown, U. S. A., Corps of Engineers, in charge of the Wilmington district. Besides Congressmen Moore and Small and Captain Brown those in the party were: Messrs James H. Chadbourn, J. A. Taylor, H. G. Smallbones, Thos. H. Wright and J. A. McGeachy. The party first went up the Northeast river for some distance and then down the river for a few miles, returning to the city at 5 o'clock, when the visitors were taken for a trip to Wrightsville Beach, going directly to Lumina, North Carolina's pleasure resort, Congressman Moore having expressed a desire to visit the Summer resort of the South about which he had heard so many favorable comments. He was as deeply impressed with Wrightsville Beach as the Summer resort of the South as he was with Wilmington as the future gateway of the old North State. Congressman Small had visited Wilmington and the beach before and commented upon the improvements that have been made since his last visit. The party returned to The Orton at 7 o'clock and at 7:30 o'clock the distinguished visitors went aboard the Clyde Line steamer "Navahoe" for Georgetown, S. C., and will go thence to points further South, where it is certain that they will meet that same generous and enthusiastic welcome which was theirs in Wilmington as harbingers of a bigger and greater development for the Atlantic seaboard.

The meeting at the Chamber was called for 11:30 o'clock and at that hour there were a score or more prominent citizens in the room, but it was 10 minutes later before the arrival of the distinguished guests. The visitors came in with Mr. James H. Chadbourn and Mr. Meares Harriss, president and secretary, respectively, of the North Carolina Waterways Association, and Mr. Wm. E. Worth, member of the executive committee of the same organization. The visitors were introduced to a number of those present by whom they were most pleasantly greeted, following which President J. A. Taylor, of the Chamber of Commerce, called the meeting to order at a quarter to 12 o'clock, stating that all were more or less familiar with the inland waterways project to connect the New England and Southern States, which is now under way and which will be of great benefit to the entire country. He referred to the effect the route will have on transportation and the fact that it will be a continuation of the Erie canal, which has already affected transportation rates in the section it touches. Mr. Taylor said that the inland waterways project was in capable hands, mentioning particularly Mr. J. Hampton Moore and Congressman John H. Small, than whom, he said, there were no more earnest advocates of waterways development. He spoke of Congressman Small as the father of waterway development in the South. The speaker was glad that Mr. Small was recently nominated by acclamation by his constituents for

(Continued on Page Six.)

THE WORLD OF SPORTS

RACING — BASEBALL — BOXING

TEAMS BEGIN THE NEW SERIES

Wilmington, Fayetteville and Wilson the Winners Yesterday—All Clubs on Substantial Footing and Season Will be Played.

Results Yesterday.

Goldsboro 3; Wilmington 4.
Fayetteville 2; Rocky Mount 1.
Wilson 3; Raleigh 1.

Where They Play Today.

Raleigh at Wilson.
Wilmington at Goldsboro.
Rocky Mount at Fayetteville.

With Wilmington, Fayetteville and Wilson the winners, a new series in the Eastern Carolina Baseball League was started yesterday afternoon and now all teams, having been placed upon a firm financial footing at home, will have an equal chance of landing the "rag."

By decision of the League directors in Raleigh, Fayetteville is declared the winner of the first series and the race will now be between the teams to see which will play a post-season series with the Kilties for the championship.

This arrangement, which was arrived at Saturday night at a late hour in Raleigh, will greatly increase interest in the sport around the circuit and with solid backing behind each team, it is expected that the race henceforth will be spirited and enlivening. The season will end Sept. 5th and from now on there will be something like 35 games either on the old schedule or another yet to be arranged.

As to the local situation. The team and franchise has been taken over by a half dozen or more supporters of the game, who have agreed to stand sponsor for Wilmington's representation in the league until the finish with what support they may receive from followers of the sport in the city. These gentlemen believe that the people of Wilmington desire a ball team and wish to escape the odium of being a "quitter" and have, therefore, decided to assume all responsibility for salaries with a confidence that the public-spirited citizens of Wilmington will rally to their support upon assurances of a winning team and the most economical management, consistent with a first class article of the sport. The gentlemen named will today appoint a committee to wait on those who ought to be interested in the maintenance of the sport and it is hoped that every fan will do his full duty. The committee will be modest in its requests and it is believed that the responses will be generous and general. Under the new order of things, the team started the new series remarkably well yesterday at Goldsboro and it is proposed at the earliest possible moment to greatly strengthen the team. It is now up to the fans, and it is believed that they will do their full duty. The following report of yesterday's game, Wilmington's first in the new series will be read with a renewal of interest:

(Special Star Telegram.)

Goldsboro, N. C., July 25.—By a batting rally in the ninth Goldsboro bunched four hits netting two runs but not enough to win a game lost to the Sailors today on errors. Webb and Brooks were about even on pitching honors but the former received better support from his team mates. Brooks and Sharpe featured at the bat. Cooper and Morgan each made a brilliant catch.

The Tebulated Score.

Wilmington.	AB	R	H	PO	A	E
Cooper, 3b	2	0	0	1	3	0

Score By Innings.

Wilmington .....000 010 012—4 6 2
Goldsboro .....000 001 002—3 6 6

Summary—Earned runs, Goldsboro 2, Wilmington 1; two base hits, brooks; bases on balls, off Brooks 2; hit by pitched ball, Cooper; struck out, by Brooks 8, by Webb 4; double plays, Morgan to Sharpe to MacDonald; Cooper to Mills; stolen bases, Doak, Brown, Sharpe, Handlboe; sacrifice hits, Cooper 2, Dubbs, Howard 2; Brooks; sacrifice fly, MacDonald; time 1:40; umpire, Sharry; attendance 400.

WILMINGTON MANAGEMENT

Mr. Hardy L. Fennell President—Player Mills the Manager.

The association of gentlemen recently formed to stand sponsor for the Wilmington baseball team in the Eastern Carolina League for the remainder of the season has chosen as its president Mr. Hardly L. Fennell, a supporter of the game whose loyalty is never questioned, while Mr. Roger Moore, another 33rd degree fan, has been elected general manager, and Mr. William Struthers, Jr., a confirmed and ever devoted supporter of the game, will be the secretary and treasurer. The player-manager of the club will be Mr. L. T. Mills, who is now serving in that capacity and under whose capable management the Sailors have shown the first real semblance of form in several weeks. Under this administration nothing but success and stability can accompany the team through the remainder of the season.

LUYSTER TO COLUMBIA

He and Schumaker Go To Sally League For Good Sum.

Fayetteville, N. C., July 25.—The Fayetteville team today sold Luyster, premier pitcher of the Carolinas, and Schumaker to Columbia, S. C., for Dwyer, Peartree and Brandt and for a large sum of money.

HIGHLANDERS WIN THE FIRST

Score Two to One Against Railroaders—Tied in Ninth but Timely Swatting Did the Work—The Features.

(Special Star Telegram.)

Fayetteville, N. C., July 25.—The Highlanders started the new series with a well-earned victory over Rocky Mount, winning at length on Hartley's two-bagger, Cantwell's out and Mullen's single after a pass and Schumaker's double had tied the score in the ninth.

Mayer was in rare form. He fanned 12 batters and held the Railroaders to five widely scattered hits, Galvin's hand was injured in the seventh and he was compelled to retire with Stein on third and none out. Hartley replaced him and did fine work. Clever fielding by both teams and Schumaker's outfielding together with Mullen's pinch batting and base running were the features.

Fayetteville .. ..000 001 000 1—2 5 0

Summary—Sacrifice hits, Stein, Landgraffe, Schumaker, Boyle; bases on balls, Griffin 1; struck out, Griffin 3, Mayer 12; base hits, Schuman, Griffin, Hartley; stolen bases, Mullen, Stein; passed balls, Galvin; time 1:40; umpire Henderson; attendance 250.

AMERICAN LEAGUE.

Philadelphia, July 25.—Cleveland split even with Philadelphia in a double header today. Cleveland won the first game by a batting rally in the ninth but was almost helpless before Morgan's delivery in the second contest:

Cleveland .. .. ..100 000 012—4 8 0
Philadelphia .. ..011 000 100—2 7 0

Young and Easterley and Bemis; Plank and Donohue. Time 1:42. Umpires Egan and O'Loughlin.

Philadelphia .. ..000 120 10*—4 8 2
Cleveland .. .. ..000 000 000—0 4 4

Joss, Harkness and Bemis; Morgan and Lapp. Time 1:33. Umpires Egan and O'Loughlin.

Washington, July 25.—Washington and Chicago again broke even on today's doubleheader, Walsh pitching the visitors to victory in the first contest 4 to 2 while Groom made it easy for the locals in the second 5 to 1.

Washington .. ..000 020 000—2 6 2
Chicago .. ..020 100 010—4 10 0
Washington .. ...112 000 01*—5 10 1
Chicago .. ..000 000 001—1 7 2

Groom and Benckendorf; Smith, Lang and Block. Time 1:50. Umpire Perrine.

Boston, July 25.—Thunder clouds made the playing field so dark that today's game between Boston and St. Louis was called after the end of the sixth inning with the score 4 to 2 in favor of the local team. Pelty's wildness was mainly responsible for his team's defeat.

St. Louis .. ..001 001—2 5 2
Boston .. ..020 020—4 6 3

Pelty and Stephens; Collins and Kleinow. Time 1.29. Umpires Connolly and Kerine.

New York, July 25.—The Highlanders were both outbatted and outfielded today and were beaten 8 to 4, the defeat costing the New York team second place in the championship race.

Detroit .. ..110 101 103—8 12 1
New York .. .. ..100 021 000—4 8 3

Willett and Stanage; Vaughn and Criger. Time 2:06. Umpires Dineen and Evans.

A GAME AT WALLACE.

Seed-Ticks and Red Bugs Indulge in National Sport.

(Special Star correspondent.)

Wallace, N. C., July 25.—Saturday afternoon the County Red Bugs marched into Wallace hand in hand, singing the old familiar hymn, "Dixie", to cross bats with the Wallace Seed-Ticks. The game was called at 4 o'clock and up to the eighth inning no runs were made. But with the bases full Blake led off with a home-sacker and with the end of the ninth the score was 4 to 4. The battle waged for 12 long innings, each side not willing to be beaten. But with the 12th the Seed-Tickers led off with a single and stole second; then Blake hit for two sacks putting one more in home. With Boney at the bat he smote for three stations and stole home. The feature was the fade-away pitching of Sweety and the floating arm of "Pig" Boney.

INDOOR BASEBALL.

Cherokee Indians Defeated Fillyaw's Seminoles Last Night.

Newkirk's fast bunch of Cherokee Indians took a fast game of indoor baseball from Fillyaw's Seminoles in the Gymnasium of the Young Men's Christian Association last night. Both tribes showed fine head work and each team proved that the fleetness of their forefathers had not been left behind. Friday night the Cherokee's will play the Apaches.

Tonight the Juniors play one of their regular league games and the Cubs are determined to take this game from the undefeated Giants.

THE FIRST GAME IN WILSON

Won by Tobacconists on Bunch of Errors by Raleigh Visitors—New Life Infused Into the Fans by the Split.

(Special Star Telegram.)

Wilson, N. C., July 25.—The first game of the split series was won by Wilson this afternoon on Raleigh's big buch of errors. It was a battle royal between Hearn and Jobson. Four hits were yielded by Wilson's big boy while Jobson was hit hard for five.

Both teams played fast and furious from first to last and all kinds of pepper, ginger and other hot stuff was thrown into the contest. It is believed that the splitting of the series will infuse new life into the players and as a natural consequence the attendance will be larger from now until the close of the season. The feature of the game was all round snappy ball and Sharpe's star work at short. The story is briefly told in Wilson's fourth. A hit, passed ball and two errors brought in Sheridan and C. McGehan. Raleigh came back at the Champs in the fifth and on two hits and a stolen base, Simmons scored the only run for the Birds. Wilson in the eighth made another score on a wild pitch, base on balls, which scored Jacobs on Miller's hit. Keating out in fifth bunts foul on third strike.

BURNS WILLING TO FIGHT.

Denies Report That Match With Langford Has Been Called Off.

Seattle, Wash., July 25.—Tommy Burns, who is in Seattle, denies the statement published in New York that the match between Burns and Sam Langford scheduled to take place in London in September, has been called off by Promoter Hugh McIntosh because Burns demanded $5,000 more than the amount he originally agreed to battle for.

"I told McIntosh at Reno after Johnson had agreed to meet me again, that I would fight Johnson for 35 per cent. of the gross receipts," said Burns today. "I figured that Johnson, being champion, would get about 40 per cent. Then I wired McIntosh that I wanted 40 per cent. of the receipts to meet Langford, but that I was still willing to tackle Johnson for 35 per cent. of the gate."

SEAWANHAKA CUP RACE.

Weather Too Fickle to Finish First Events Yesterday.

Manchester, Mass., July 25.—The weather proved too fickle to finish the initial race today for the Seawanhaka Cup, but there was about 20 minutes of the contest in which the conditions were fair and then the defender Massachusetts, of the Manchester Yacht Club, showed superiority in windward work over the challenger, St. Lawrence, of the Royal St. Lawrence Yacht Club.

The yachts started on a 12-mile race, three times around a triangle and had nearly accomplished the second circuit when a couple of thundershowers drowned out the wind and left the yachts flapping around with the Massachusetts a mile ahead of the St. Lawrence. The yachts will try again tomorrow to race over the same course.

Why Is Sugar Sweet?

If sugar did not dissolve in the mouth you could not taste the sweet. GROVE'S TASTELESS CHILL TONIC is as strong as the strongest bitter tonic, but you do not taste the bitter because the ingredients do not dissolve in the mouth, but do dissolve readily in the acids of the stomach. Is just as good for Grown People as for Children. The First and Original Tasteless Chill Tonic. The Standard for 30 years, 50c.

GRAND TRUNK STRIKE.

Policemen Patrol Yards and Tracks—No Violence Reported.

Southbend, Ind., July 25.—City policemen and many special officers tonight patrolled the yards and tracks of the Grand Trunk Railroad, but there was no indication of a new outbreak of violence by strikers or their sympathizers against the train crews.

General McKee, of the Indiana National Guard, kept a watchful eye on the situation and said he had ready to his call four companies of militia should developments demand their presence.

What you may have been calling the "good fortune in business affairs" of someone you know may be simply the courage to advertise.

TO PREVENT COTTON FRAUDS

Plan Adopted by American Bankers Has Been Announced.

New York, July 25.—At a meeting here today of bankers who have been negotiating with railroad officials on the subject of foreign and domestic bills of lading, a definite plan covering the future issue of through order notify bills of lading for cotton was adopted. It was decided to send a committee of five bankers immediately to lay the agreement between bankers of the England and the continent.

Foreign bankers decided at a conference in London last week to refuse to negotiate American cotton bills of lading after November 1st unless guaranteed by a banking institution. This stand was taken in view of the losses sustained abroad recently on fraudulent bills of lading. It is hoped by the bankers in today's conference that the plan adopted will satisfy foreign financial institutions.

This plan carries out the scheme outlined at a meeting of representatives of the railroads east of the Mississippi river held at White Sulphur Springs, W. Va., on July 19. It provides for issue by the railroads of a bill of lading signature certificate, which is to be attached to each bill of lading, whereby the railroad certificates the signature of as authorized agent to the bill of lading covering the specified number of bales.

In the case of through export bills of lading agents will sign them only when cotton is in the possession of the railroad company, or upon the presentation of loading certificates by authorized agents of compress or warehouse companies.

The practice of issuing duplicate and triplicate bills of lading will be discontinued. Only one will be issued, but copies will be made subject to the endorsement: "Copy, not negotiable."

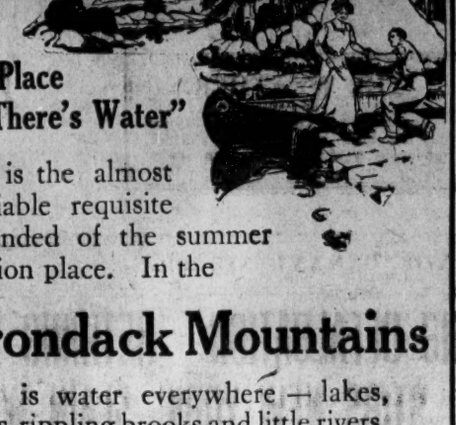
A copy of each bill of lading will be forwarded to the agent or water carrier at the port of export on direct shipments, or the port of trans-shipment on indirect shipments.

Shippers will be required to accept the conditions of the bills of lading by attaching their signatures. Numerous other technical regulations to check frauds are also provided.

19 DIE FROM SUNSTROKE.

Yesterday Was Another Scorcher—Prostrations Were Numerous.

New York, July 25.—Today was another scorcher—not as hot as yesterday, but more deadly. The maximum temperature was 91 at 3 o'clock today as against 94 yesterday and the maximum humidity 53 as against 83, but there was 19 deaths today from sunstroke against two yesterday, and a correspondingly longer list of prostrations. A sleepless night had left vitalities exhausted by the heat of yesterday unable to cope with added strain today.



"Some Place Where There's Water"

This is the almost invariable requisite demanded of the summer vacation place. In the

Adirondack Mountains

there is water everywhere — lakes, ponds, rippling brooks and little rivers.

Golf, tennis, fishing, boating, bathing, mountain climbing—all the popular out and indoor amusements and recreations. Hotels and boarding places with accommodations and prices to satisfy every demand.

AFFAIRS AT STATE CAPITAL

North Carolina State, Private and Savings Banks—Charters Issued. Morehead City Report Rife. Other News Notes.

(Special Star Correspondence.)

Raleigh, N. C., July 25.—The 335 State, private and savings banks doing business in North Carolina have resources aggregating $57,851,130 and deposits amounting to $39,316,099, according to a summary of reports of conditions just gathered and compiled by the Corporation Commission.

The summary shows further that the aggregate capital is $8,591,503; the surplus $1,879,625, and the undivided profits $1,900,515. This summary shows a steady and conservative gain over the reports in the past and the commissioners say the banking interests of the State are maintaining a very healthy growth.

A charter is issued for the Warner, Forced-Air Brick Drying Co., Durham, capital $60,000 by A. J. Warner and others. Another charter is for the Candler-Crowell Co., Louisburg, capital $20,000 by Harry L. Cardler and others. The Hold Engine Co., Burlington, gets a charter with $30,000 capital authorized, the principal incorporators being LaFayette Holt and others.

The new directors of the Raleigh team in the East Carolina Baseball League are keeping up a steady campaign for subscriptions to the fund that is needed for keeping the team intact. They have about raised enough to pay off the players to July 15th, the last pay day now due, but there is another payday almost upon them and no accumulation of funds in the meantime from games played so that there is sure to be the necessity of getting together further public subscriptions to meet the requirements for the next payday. Then, too, the former management was allowed to draw out and use the $500 forfeit fund that was put up at the beginning of the season.

Sunday at the Church of the Good Shepherd, Dr. I. McK. Pittinger declared that responsibility for corporate misdeeds extended fully to every stockholder and that the sin of mob violence applied fully and directly not only to those who actually took the human life in the lynching, but to every one in the crowd countenancing and encouraging it. Furthermore, that there was direct responsibility extending to those who aided in creating an "atmosphere" in which the spirit of mob violence developed. Personal responsibility, regard for law and order and regard for personal influence were his theme.

There was no end of anxiety here one while this morning on account of a report that spread through the city that a number of people had been drowned at Morehead, at least a part of them being Raleighites. One version of the catastrophe had it that there were 27 drowned and that 12 of them wrre from Raleigh. No names were given. The report started early and it was 10 o'clock before telegraphic communication could be gotten with Morehead in a way that set at rest the anxiety and justified a positive denial of the report. There seems to be no way of accounting for the origin of the report.

The examination of applicants for license to practice Ostopathy held before the State Board in this city last week resulted in licensing five. They are Dr. Annie Joyner, Kinston; Dr. Fairfax Fitts, Kinston; Dr. Lester O. Morris, Charlotte; Dr. Albert C. Tebeau, Newbern; Dr. Ernest Dunn, Rocky Mount. Two of the new osteopaths expect to practice in Virginia—Dr. Joyner and Dr. Dunn.

Leaf tobacco markers in this section of the State are announcing postponement of the opening of the warehouses for the new tobacco year until September 1st, owing to the unusual lateness of the crop this time. The openings are usually around August 1st. The crop has been badly injured by continued rains and other unfavorable conditions.

NASH COUNTY TEACHERS.

Institute Concluded at Nashville—Henry Blount's Lecture.

(Special Star Correspondence.)

Nashville, N. C., July 25.—The Nash county Teachers' Institute came to a close Saturday. Mr. R. A. Merritt, of the State Normal, Greensboro, and Mrs. C. L. Stevens, of Newbern, have been in charge. Good faithful work has been done by the teachers. Mr. Merritt and Mrs. Stevens are splendid teachers and the training they gave the teachers during the past two weeks was in every way worth while.

Mr. Henry Blount, upon the invitation of the county superintendent, delivered his lecture, "Beyond the Alps Lies Italy," to the teachers and townspeople Thursdy night of the past week. The address was in every way enjoyed. There is just one Henry Blount in the world, and Henry Blount is an entertainer rich, rare, and racy.

EARTHQUAKE SHOCKS.

Recorded at Rock Springs, Wyo.—Houses Actually Wrecked.

Cheyenne, Wyo., July 25.—Word has reached here of a series of severe earthquake shocks at Rock Spring, Wyo., beginning last night and continuing today. They were so severe that houses were wrecked and the walls of a coal mine moved so badly that work at the mine had been abandoned. The first shock was felt at 6:30 P. M. yesterday and the last at noon today.

FRENCH PACER WINS.

Charles Parent Makes New World's Record at Brussels.

Brussels, July 25.—Charles Parent, the French bicyclist and motor paced champion of Europe, today won the 100 kilometers (62 miles) world's professional championship, behind motor cycles, in one hour, 22 minutes, 33 4-5 seconds. Bobby Walthour, of Atlanta, was second.

Work 24 Hours A Day.

The busiest little things ever made are Dr. King's New Life Pills. Every pill is a sugar-coated globule of health, that changes weakness into strength, languor into energy, brain-fag into mental power; curing Constipation, Headache, Chills, Dyspepsia, Malaria. 25c at Robert R. Bellamy's.

ARRESTED IN LUMBERTON.

Negro Wanted at Spartanburg—Killing at John's—Other Notes.

(Special Star Correspondence.)

Lumberton, N. C., July 25.—Deputy Sheriff A. E. Spivey today arrested a negro thought to be Jim Watson, wanted at Spartanburg, S. C., for killing another negro several months ago. Officer Spivey spotted the man several days ago cutting cross-ties about 13 miles from here near Tolarsville. After being arrested, he at first denied ever having been in South Carolina, but when confronted with the fact that he had been writing to his wife from St. Paul in this county and receiving mail from her under an assumed name, he admitted having been there and boarding for a while with the woman. Whether he is the man wanted or not, the description fits him exactly, even to the notches in his teeth. He was photographed this afternoon, the photograph being mailed to the sheriff at Spartanburg. A reward of $100 was offered for his arrest and conviction.

Mrs. William Rice, of Britts township, died last night after an illness lasting several months. She was the widow of the late Mr. Wm. Rice, and was probably 85 years old.——Mrs. Cainson Ham, who died at the Thompson hospital yesterday afternoon after an illness of several weeks of typhoid fever, was buried at the Prevatt cemetery, near Back Swamp, this afternoon.

John James, alias Cook, a negro 18 or 19 years of age, was placed in jail here this mornng charged with killing another negro boy by the name of Alex Douglass, near John Station, Saturday afternoon, a report of which appeared in the Star yesterday morning. James claims the shooting was accidental, but tells conflicting stories. He was held by the coroner's jury.

Mr. A. G. McKoy arrived from Laurinburg this morning to take the position of chief clerk and ticket agent for the Seaboard, succeeding Mr. T. E. Petty, who has been transferred to Raleigh, where he holds a more responsible position. During the three years Mr. Petty was in Lumberton, he made many friends who regret to see him leave. Mr. McKoy has been with the Seaboard for several years, and our people extend to him a most cordial welcome.

Mr. T. P. Gray, bookkeeper in the Lumberton and Dresden Cotton Mill offices, left this evening for Norfolk and other points on a business trip which will keep him away for several days.——Mr. O. C. Norment left on the evening train for Charlotte where he went on business.

ROOSEVELT AND OHIO.

Again Refuses to Discuss Situation—His Friends Call.

Oyster Bay, N. Y., July 25.—Theodore Roosevelt today declined to comment upon the Ohio political situation or to discuss the merits of the candidates for the gubernatorial nomination there. He is awaiting with interest, however, the outcome of the Republican convention at Columbus, tomorrow. Last week he said that he favored a progressive platform in Ohio, but as to nominations he was silent.

Regarding the candidacy of James R. Garfield, his warm personal friend, Mr. Roosevelt had nothing to say, but he expressed surprise on hearing of the withdrawal of Judge Reynolds Kinkade from the contest. Last week it will be recalled, the judge called on Col. Roosevelt in New York and talked the situation over with him. Mr. Roosevelt again reiterated today his intention of not taking part in factional political fights out of the State of New York. He made it clear to the interviewers, however, that he is determined to take an active part in the New York State campaign.

Col. Roosevelt said that he expects to meet former United States Senator Lee Mantle, of Butte, Montana, in New York tomorrow.

Mr. Mantle it is understood may run for the United States Senate against Senator Thomas H. Carter. He is a progressive Republican. Senator Carter is a regular.

Mr. Mantle was in the Senate from 1895 to 1899, but was beaten for the Senatorship in 1907 by Joseph M. Dixon. It was said at the time that Col. Roosevelt had favored Dixon. The Colonel said tonight that he did not have a hand in the contest and reiterated that he had a high personal regard for Mantle. It is unlikely, however, that he will endorse any candidate for the place.

Charles S. Francis, former United States ambassador to Austria; Regis H. Post, former Governor of Porto Rico and Peter Jay, American consul to Cairo, took luncheon with Colonel Roosevelt today. Their visits were social.

The ads will show you whether or not there's a chance today to buy that piece of furniture at your price.

NATURE'S WARNING

Wilmington People Must Recognize and Heed It.

Kidney ills come quietly—mysteriously.

But nature always warns you.

Notice the kidney secretions.

See if the color is unhealthy—

If there are settlings and sediment,

Passages frequent, scanty, painful.

It's time then to use Doan's Kidney Pills.

To ward off Bright's disease or diabetes.

Doan's have done great work in Wilmington.

William L. Benson, 618 S. Second St., Wilmington, N. C., says: "Doan's Kidney Pills, procured from Robert R. Bellamy's Drug Store, did me more good than any other remedy I ever used. My back ached all the time and I could not stoop or lift without sharp pains through my body. Mornings my back was so lame and sore that it was hard for me to get out of bed. The kidney secretions were highly colored and contained sediment. Doan's Kidney Pills stopped the pains in my back and regulated the passages of the kidney secretions. I have such great confidence in this remedy that I advise its use to anyone suffering from kidney complaint."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

IMMIGRANTS COMING FAST.

Italians and Poles Head the List—Report for Year.

Washington, July 25.—A total or 223,453 Italians and of 128,348 Poles, the two countries furnishing the highest number of arrivals and of only 19 Koreans, constituting the country least represented, are among the factors in the grand total of 1,041,570 immigrants admitted into this country during the past fiscal year. This is 289,784 less than the previous year. The final figures were made public by Commissioner General Keefe today.

Besides this grand total, there were 156,467 non-immigrant aliens admitted 24,270 aliens were debarred and 243,191 United States citizens arrived. The grand total of all this inward immigration movement during June only was 137,092.

During the same period 118 polygamists, two anarchists, 156 idiots, imbeciles and feeble minded, 160 insane, nine professional beggars, 11 paupers, 2,471 with loathsome diseases, 12,632 persons likely to become a public charge and, 1,365 contract laborers were debarred from all ports.

RACE RIOT AT ASHLAND.

Six Men Injured in Small West Virginia Town Yesterday.

Bluefield, W. Va., July 25.—A race riot occurred late this afternoon at Ashland, W. Va., on the Norfolk and Western Railroad in which six men were injured, two perhaps fatally. Knives, according to a report received here tonight, were used. The situation was extremely serious for a time. Negroes, it is stated, invaded quarters of white men at a coal operation. The fight followed and soon became general, in which 25 men took part. Two white men were stabbed and two negroes received injuries that are likely to prove fatal. The names of the victims are not given.

The cost of a Business Local is a small fee to pay for securing a good tenant.

ICE CREAM

1 Cent a Dish

If Ice Cream could only take the place of meat as the substantial dish at dinner a great deal of money would be saved.

for

Ice Cream, which has always been considered a luxury, costs less, made from

JELL-O ICE CREAM Powder

than meat. Its actual cost is about one cent a dish.

And it is good, substantial food, too.

Dissolve Jell-O Ice Cream Powder in milk and freeze. That is all there is to do.

Flavors: Vanilla, Strawberry, Lemon, Chocolate, and Unflavored.

At Grocers', 2 packages 25 cents.

Beautiful Recipe Book Free.

Why Have an Overheated Kitchen in Summer?

When the sultry days come and the coal range makes the kitchen almost unbearable and cooking a dreaded task, put out the range fire and try the newest method of cooking in hot weather—use a

New Perfection
WICK BLUE FLAME
Oil Cook-stove

What a contrast! The kitchen no longer is stifling hot, the work is now done with comfort, and the housewife is not worn out with the heat.

Cautionary Note:—Be sure you get this stove—see that the name-plate reads "New Perfection."

She saves her strength, keeps her health and is better able to enjoy the summer.

The New Perfection does everything that any other stove can do—all the family cooking, baking, washing and ironing. No smoke, no dust, no odor. Heat is applied directly and not wasted. A turn, and the flame is out.

The New Perfection stove has a Cabinet Top with shelf for keeping plates and food hot, drop shelves for the coffee pot or saucepans, and nickeled towel racks.

It has long turquoise-blue enamel chimneys. The nickel finish, with the bright blue of the chimneys, makes the stove very attractive and invites cleanliness. Made with 1, 2 and 3 burners; the 2 and 3-burner stoves can be had with or without Cabinet.

Every dealer everywhere; if not at yours, write for Descriptive Circular to the nearest agency of the

THE MORNING STAR

Published by the WILMINGTON STAR COMPANY (Inc.) Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under act of Congress, March 2nd 1874.

FULL ASSOCIATED PRESS REPORT.

Tuesday, July 26th, 1910.

If air ships should ever be able to do a trans-Atlantic traffic, Wilmington will be the best port for them to utilize.

A newspaper article is headed with this query: "Can Roosevelt come back?" He may or may not be able to do so, but it is more than likely that he will waltz in anyhow.

The Washington Star expresses the belief that "the visit of an American statesman to Europe attracts very little attention these days." Probably Europe is justified by its recent experience.

We don't care to become an aviator unless it would be one like Walter Wellman who does his flying in the newspapers. Walter always will be safe if he flies like he has always flown.

If Dr. Winston is acquitted of the charge that his chickens are predatory, he will please explain to a devout public how he managed to keep his chickens from becoming objects of deep concern on the part of his preying neighbors.

"I am no quitter," declares Secretary Ballinger. That means nothing except that he refuses to be guilty and will fight the case. He also makes that bold declaration with the knowledge that the jury is on his side. Nobody expects a man to retire under fire.

The United States bought Alaska during President Grant's administration. There has been no transfer of the property, yet it seems that Alaska is operated by a land syndicate with which Uncle Sam has no dispute as to titles.

The Republican insurgents are fighting for reform and hope to get it by capturing the Republican party machinery. Any man who depends upon getting reform that way must have fewer expectations than a candidate who has no money.

Speaker Cannon in his speeches expresses his sensitiveness at the criticisms made of him as Speaker. The Speaker can rest assured that all he has done has been pleasing and satisfactory to the interests which he so ably served. Criticisms merely come from the masses of the people who are disgruntled because they have not been taken into consideration.

Quoth the Atlanta Constitution: "We would clothe the Georgia Eve in the delicate blossoms of the peach, with a luscious Elberta held out in dimpled fingers to entice the world." With the extremest gallantry and profoundest thanks, we would take those luscious Elbertas from those dimpled fingers and immediately hand them over to some radiant North Carolina girl.

Says the Charlotte Evening News: "Those Rowan county farmers who let their apples rot because they thought it was against the law to make cider out of them should keep themselves better posted as to the law." No doubt a great many people voted for the law without knowing what it would do for them. Thousands of men in North Carolina should read more than they do.

The election of a woman to the presidency of the American Teachers' Association leads a contemporary to remark that in education women share the honors alike with men. If they are entitled to equal honors, why is it that a woman teacher who knows as much as a man, and quite frequently more, doesn't get a man's pay? Why should a woman be discriminated against, anyway, when her talents deserve as much recognition as like talents in men?

Col. Roosevelt insists upon refusing to take a hand in the fight between several aspriants for the gubernatorial nomination by the Republicans in Ohio. The Colonel did not hesitate to mess in Egyptian affairs, but note his discriminating judgment as to Ohio affairs. The fact is his son-in-law, Congressman Nick Longworth, is one of the gubernatorial aspirants. The Colonel would have nothing to gain by interfering in Ohio but Longworth might have something to lose.

Of the 200 graduates from that great female institution in Massachusetts, Wellesly College, 182 are opposed to matrimony unless they can marry men with sufficient fortunes to maintain them in keeping with their education. This might look like education spoils a girl and is prejudicial to the marriage state, but before a girl will consent to be an old maid she will change her mind and even begin to talk about love in a cottage. The views of the girl graduates on the matrimonial question are not to be taken seriously.

FINANCIAL TINKERS.

Among the extracts to be found in the Current Comments department in this Morning's Star is one from the esteemed Columbia State with reference to the Aldrich-Vreeland law authorizing emergency currency. This reminds us that the Republican party ought to be held responsible for its failure to give this country safe and sane financial legislation. The Washington government appointed a monetary commission to visit Europe and inspect the financial systems of various nationalities, but up to date there has been no financial legislation of definite character. It has been known for years and years that the present financial system in the United States is a make-shift and all that the Republican Congresses have done is to tinker with it. The bankers have not yet touched that emergency currency measure with a ten-foot pole and most likely they will not do so. It was brought forward by Aldrich and Vreeland and put through a Republican Congress with the idea that the people would accept the law as compliance of the Republican party with the demands for financial legislation that would meet the situation during panic conditions in this country.

The Republican party has all along pretended to be the sound money party and raised a great hue and cry, and also many millions of dollars, to defeat the Bryan free silver heresy. Nevertheless, that so-called sound money party has put upon the statute books an act which many bankers believe would flood the country with a currency even more wildcat than the silver certificate issue. It is quite possible under the Aldrich-Vreeland bill to inflate the currency of this country to any extent that the National banks might happen to decide. No doubt the banks will be very cautious haw they avail themselves of the provisions of the Aldrich-Vreeland act. In the half century, practically, that the Republican party has been responsible for National legislation it has not improved upon the financial system but invariably has made matters worse by tinkering with it. A notable instance of that was the Sherman silver certificate act which had to be repealed at the instance of Grover Cleveland, during a Democratic administration, in order to protect the Treasury from raids that would have exhausted the entire gold reserve of the United States. The country has no reason, from past experience, to look with confidence upon any financial legislation that the Republican party may enact. So far as financial legislation goes, the Republican party has always demonstrated its lack of capacity.

LONG AND SHORT HAUL PROBLEM

The Republican party has been "regulating" a long time and has had years and years in which to make a success of it. Republican Congresses also have been in complete possession of the legislation of the country from time immemorial, but the passage of the administration railroad bill at the last session of Congress was proof of an acknowledgment that after all their efforts, they did not have upon the statute books a law that would actually regulate.

No doubt the Republican party will have the audacity again to come before the American public with tremendous claims for small doings, and doubtless it will point with pride to its latest attempt at regulation as embodied in the Taft railroad bill. However, a good many holes already have been knocked into that measure and there are serious doubts already as to whether it will be effective in some of its most vital clauses. A great deal of fuss up to this time has been made over the matter of increased rates and rate making, and probably the outcome of it will be that the Interstate Commerce Commission will permit rates to be increased in keeping with the increased cost of operation and increased cost of everything, only ordering a decrease where an increase is shown to be absolutely unjustifiable. The country is already prepared to expect very little relief in that connection, as rate making depends, like everything else, upon the fluctuating cost of doing business, and is a matter upon which the railroad managements will have to act according to changing conditions.

However, if rates are increased or decreased, the matter of discrimination in rates in favor of one State, point or locality to the disadvantage of another would still remain to be settled. The feature of the bill which concerns discrimination is the long and short haul clause, and now comes the news from Washington that it is a serious problem that has been overlooked during the agitation about increased rates and rate making under the new law. The Washington correspondent of the New York Journal of Commerce, under date of July 22nd, says the general interest has been so closely occupied with the other provisions of the railroad act applying to rates in general, that little attention has been devoted to the possible action of the railroads under the new long and short haul clause of the act. This in spite of the fact that in Congress there were more controversies and friction over the long and short haul clause and there were with reference to any other part of the bill. Besides those controversies in Congress over the long and short haul clause, that feature gave the railroads more apprehension than any other and a large class of shippers regarded that phase of the measure with more hope than any other portion of the act.

It is stated that the railroads are now contemplating important action that will put the tariffs covering the long and short haul rates into a shape that will render them much less susceptible to immediate attack than they otherwise would be. It seems that the act really leaves it to the discretion of the Interstate Commerce Commission with practically full power to control the application of the long and short haul provisions of the act. The roads would under such circumstances be almost absolutely subject to the oversight of the Commission in respect to one of the most competitive branches of that traffic.

On the one hand, the railroads may fear the arbitrary acts of the Commission while the shippers may have some apprehension as to whether the Commission will afford them the relief that they fully expect under the act. The correspondent of our esteemed New York contemporary remarks that "it is an undoubted fact that shippers are very much dissatisfied with the long and short haul system of the roads as now in force," but he states that the long and short haul tariffs did not even form a part of the President's bargain with the roads but apparently it was entirely omitted Thus, he says, "there is set for the future an important controversy, which may break out in full force within about seven months and may constitute almost as important a piece of work as that which the Commission is now undertaking in connection with the general rate advances."

So far as shippers and communities are concerned, the most alarming portion of the report sent to the Journal of Commerce is that as soon as those States and communities which complain against discrimination begin active proceedings for the purpose of having the long and short haul system changed, if possible, in their favor, the railroads will make a fight against it on the ground of the unconstitutionality of that clause of the act which aims at regulating that matter. The correspondent announces that the railroads already have been advised that the clause is probably unconstitutional in the form in which it now appears in the act and undoubtely they will press it to an early test in the Supreme Court of the United States.

No doubt it will be many a day before the public will learn whether or not they will get any more relief out of the new act than they have out of the old. After all, it may be left to the good sense of the railroad managements of the country to give the square deal that the act itself may not guarantee. The railroad managements may show a disposition to so operate as to cause the least friction under the new act, as they are fully aware what the public demands were in securing the passage of an act which to all intents and purposes was for their relief and not for the benefit of the railroads. The act was presumed to be regulative but the railroads no doubt will take advantage of every opportunity to protect their interests and those of the holders of their stocks and securities.

PROPOSED MEMORIAL TO BILL NYE TO BE $5,000 BLDG. AT STONEWALL JACKSON TRAINING SCHOOL

Committee Appointed by North Carolina Press Association Decides That the Lamented Humorist Shall be Honored in a Practical Manner—State Newspapers Delegated to Receive Contributions to the Cause.

The committee appointed at the recent meeting of the North Carolina Press Association to take in the matter of a State memorial to Bill Nye, met in Salisbury, Wednesday, July 6th, in formal session, and after hearing all the propositions before it unanimously decided:

1. That the memorial to the lamented humorist shall take the form of a memorial building, to be one of the group and a part of the Stonewall Jackson Training School, generally known as the State Reformatory, in Cabarrus county, near Concord.

2. That the building, furnished and equipped as the trustees of the institution may direct, to the best advantage for the rescue of errant boys, shall cost not less than $5,000, and shall be known as the "BILL NYE MEMORIAL BUILDING."

3. That the following newspapers be designated to receive and acknowledge subscriptions to the fund for this building, said funds to be transmitted promptly to the treasurer, JOHN M. Julian, Editor of the Salisbury Post:

The Star, Wilmington.
The Observer, Charlotte.
The Evening Post, Salisbury.
The Citizen, Asheville.
The News and Observer, Raleigh.
The News, Greensboro.
The Uplift, Concord.

4. That while the committee believes that this memorial should be distinctively North Carolina's tribute to the lamented man of letters, it deems it wise, in order to ensure the prompt success of the movement, and further to permit the friends of Bill Nye outside the State an opportunity to contribute to this movement, that conributions from outside the State should be gratefully received and acknowledged, while not solicited.

The committee believes further that it made a wise and happy selection in the form of this memorial; that nothing it might have conceived would have brought greater joy to the heart of the gifted, kindly man whose memory it is designed to perpetuate than the great work of making useful citizens of wayward boys, and that were he present with us in the flesh today it would have the stamp of his approval. Furthermore the committee bespeaks the hearty co-operation of the brethren of the press especially, and all good citizens generally in this undertaking. It is a labor of love—one that has already been too long neglected, to the shame of North Carolina. Let us put our shoulders to the wheel, and show to the world what North Carolina can do for the man it delights to honor.

(Signed)
JAMES M. CAINE, Chairman,
JOHN M. JULIAN, Treasurer,
R. W. VINCENT, Secretary,
ROBERT M. PHILLIPS,
ARCHIBALD H. BOWDEN,
Committee.

The Star will be glad to receive and acknowledge from day to day any contributions that may be made to the above fund.

CURRENT COMMENT.

"Possibly the postal savings banks trustees will be able to open a dozen or score of experimental banks by October," says the Springfield (Mass.) Republican. It would be a good thing for the financial system of the country if the experiment shall fall.—Richmon' News Leader.

The anti-Godwin Democrats of the Sixth district certainly did not hurt their cause when they chose their nominee. Born 45 years ago, State Senator O. L. Clark has done things distinctly worth while since he graduated from Davidson College in 1886. He is a successful merchant, farmer and lumberman, characterized also by knowledge and public spirit. The drainage bill of the last Legislature, a measure of demonstrated value to the State, and especially to the eastern counties, was put through by him. In Congress he would serve his constituents well.—Charlotte Observer.

The Guilford county Republican convention did the unexpected yesterday in endorsing John Motley Morehead for chairman of the State executive committee. This means that a hot fight may be expected at the State convention between he two factions of the Republican party in this State. With dissensions among the Republicans, which is sure to spring from this fight, the Democrats should have no difficulty in winning out in every Congressional district in the State. Major J. E. Alexander of this city was endorsed by the Stokes county Republicans for State chairman, thus throwing another bomb into the Republican camp, and adding another laurel to sure victorious Democrats.—Winston-Salem Sentinel, July 24th.

The idea of celebrations pertaining to our early history is or should be, to instill in the minds of the people the importance of the occasion which the celebration commemorates. No one who has fingered the leaves of the early history of our country and have made themselves in the least familiar with the hardships and environments through which our pioneer settlers and ancestors passed in order that we might establish and perpetuate the greatest nation of the earth cannot fail to recognize that it is a thing to call forth our best efforts and most sincere reverence. Let us then realize the full importance of our celebration next week, ever realizing that in it we are paying only a feeble respect to the men who blazed the way for American liberty and independence.—Newbern Sun.

Most people, including the bankers, have forgotten there is an emergency currency law, enacted during the latter days of President Roosevelt's panic and bearing the hyphenated cognomen, Aldrich-Vreeland. There is, in fact, not only the emergency currency law, but the emergency currency, millions of it, tons of it, stacked up in the vaults of the treasury at Washington. It looks just like money. The Treasury Department is not willing to let sleeping dogs lie and to keep its emergency currency until called for, but is getting active in reminding banks of the existence of this currency and suggesting the advisability of their getting in shape to secure the currency in the event it shall be needed. The treasury may issue as much as a half billion dollars in emergency currency to the banks. These notes are loaned by the Treasury to the extend of 90 per centum of the cash value of certain approved railroad bonds. No other security is accepted for them. The banks are charged at the rate of 5 per centum interest, and 1 per centum is added for each month the notes are outstanding, up to 10 per centum. Before banks can avail themselves of the emergency currency they must form local associations, which transact the business for the individual banks with the Treasury. No call has yet been made for this currency. The circular the Treasury has sent out may create the notion that the government is anxious about the finance outlook, but it probably has no deeper significance than to convey information to banks of the smaller towns.—Columbia State.

POLITICAL SITUATION.

Mr. W. B. Cooper Writes of Unfortunate Situation in Sixth.

Editor Morning Star:

For several weeks past you have been giving us the very best of advice through your various editorials, which I believe the business public appreciates.

Your editorial in Sunday's issue on the "Political Stiuation in the Sixth Congressional District" is certainly very timely, and it is to be hoped that the State Democratic Executive Committee will by all means look into our family quarrel, and endeavor to get the matter adjusted to the satisfaction of all concerned. It will never do to allow this matter to become any more acute than it now is. It may be the wise course to start entirely anew in this District, and let all the candidates who care to do so, enter a Democratic Primary, and then surely all of us can give our hearty support to the successful candidate, whoever he may be.

I do not claim to be a "Solomon" in political or other affairs, but if I may be allowed a suggestion I would say, that as a plain business proposition, it seems to me that the only fair way in politics, as in business, is to let every man appeal directly to the people, in other words, a legalized primary for all political parties would seem absolutely fair for our future guidance, commencing with the Governor or even with the United States Senators, and coming right along down to every office in the gift of the people.

W. B. COOPER.

NAVAL OFFICER IDENTIFIED.

Found to be Former Ensign From Kentucky at Castle Williams.

New York, July 25.—The identity of the former naval officer, who is held at Castle Williams on Governor's Island to await trial on charges of desertion from the navy, was disclosed today by officers of the Department of the East. He is Clarence E. Landram, of Kentucky, once an ensign in the navy.

The records as available today show that Landram disappeared from Fortress Monroe last March and surrendered at a Brooklyn recruiting station the following April. When news of his plight got out quietly among his friends in Louisville and Washington representations were made to the Department that his erratic actions would tend to show that he was not responsible. Accordingly a medical board was appointed June 30 to investigate the case. The board convened on July 5th and is still sitting. Its findings will be sent to Washington and made public there.

In the meantime Landram, a prisoner, does the menial duties of a prisoner under the surveilance of an armed guard, and wears a "P" on his clothes, although it was denied today that he wears the "P. E." of a prisoner who has attempted to escape, and has been captured. He has not proved a tractable prisoner, according to the officer in charge, but it was denied that it had been found necessary to assign him to solitary confinement.

Free ride to the beach tomorrow. Special train leaves 10 A. M. **

PEACE INSTITUTE FOR YOUNG WOMEN

AN ideal Christian Home School. Preparatory and Collegiate courses. Art, Expression, Physical Culture, Pedagogy, Business, etc. Conservatory of Music. High standard maintained by large staff of experienced, college-trained instructors. Takes only 100 boarders and teaches the individual. Unsurpassed health record. Brick buildings. Steam heat. Excellent table. Large gymnasium. Park-like campus. Concerts, lectures, tennis, basket-ball. Write for our catalog before selecting the college for your daughter.

HENRY JEROME STOCKARD, A. M., Pres., Raleigh, N. C.

DR. KILGO DEDICATES CHURCH

Sermon at Burgaw Sunday Created Profound Impression—Large Congregation at Methodist Church —Synopsis of the Sermon.

The dedication of the Burgaw M. E. Church Sunday, attended by an unusually large congregation, many of whom were visitors, was marked by a sermon by Bishop John C. Kilgo, of Durham, who spoke with his usual force and vigor and made a profound impression upon the congregation.

The sermon preceded the dedicatory exercises and the pretty church edifice, which is a credit to the congregation, was dedicated by the bishop in a profound manner. Rev. Charles M. Lance, the pastor, and Rev. W. L. Cunninggim, the presiding elder, took part in the dedication, as is observed by the Methodist Church.

Bishop Kilgo preached on the following text: Colosians 1-18, "And he is the head of the body, the church: who is the beginning, the first born from the dead; that in all things he might have the pre-eminence.'

Dwelling largely on the relationship of Christ to the church, as the head of the great congregation, and leading up to the organic body, Bishop Kilgo preached a most appropriate and interesting sermon. He portrayed in a vivid manner how the church had grown out of the life of Christ, and that Christ is dependent upon the church through which he may accomplish his achievements and great purposes of life. He spoke in a sarcastic way of the blind conceit of those people in the church, who think that their presence adds dignity to it, and said that they were the blotches on the garment of God. His words on the complete unity of the church were of unusual force, explaining that if there were two heads to the church there would be conflict, but since there is only one it is harmony. He declared he was not a thinker among men but a humble ambassador of God Almighty. He again referred to some people in the church, who disagree with its policy, and disagree with the ministry, and asked the question what would their protest amount to in the sight of God Almighty, adding that "you would be astounded to know how many people in the world Jesus Christ has never heard of." Dr. Kilgo made his impressions clear on the "old time religion" and his tendency toward the emotional form of spirituality, making the statement that these latter-day Methodists had gotton beyond that and said "I believe it is a lack of spiritual power." Continuing along this same line of thought he discouraged the idea of always consulting professors of colleges and seminaries on religious matters, and declared that to get that true form of religion he would much rather consult an old "washwoman." Dr. Kilgo referred to the patriotism of the young ministers, who are forced to the rural sections to begin their ministerial lives and declared that they are more patriotic than United States Senaors and that a session of a Methodist district conference was wider in its scope than a session of the United States Senate. He talked along various lines in keeping with the dedication exercises and his strong and sincere assertions were most profoundly received.

Among the visiting ministers in attendance were: Rev. W. L. Cunninggim, presiding elder; Rev. Mr. MacRae, of Southport; Rev. T. H. Bain, of Leland; Rev. C. E. Vale, of Chadbourn; Rev. W. B. Humble, of Mt. Tabor, and Rev. C. T. Rogers, of Scott's Hill.

THE METHODIST ORPHANAGE.

Rev. J. N. Cole, the Superintendent, Presents the Cause.

Rev. John N. Cole, the beloved superintendent of the Methodist Orphanage at Raleigh, was heard with interest and pleasure by two Wilmington congregations on the Sabbath—at Grace Church in the morning and Fifth Street at night. He presented the cause of the orphanage in most attractive manner to the churches and received assurances of additional support from the Wilmington congregations, something like $300 having been pledged by the congregation of Grace and a generous contribution by the congregation of Fifth Street church. A laundry is now being added to the splendid plant at Raleigh, the machinery for which has already been purchased. The effort now is to build a suitable building on the grounds and Mr. Cole is receiving the heartiest support from all over the State. In Wilmington his welcome is always without reserve and the Methodists of the good City by the Sea never fail to respond to any call that he may make.

DR. MCCLURE ON VACATION.

Goes to Torrey Bible Conference After Visit to Philadelphia.

Rev. A. D. McClure, D. D., pastor of St. Andrew's Presbyterian Church, leaves with his family today to spend his vacation in Pennsylvania and after a visit to his son, Mr. Alex. McClure, in Philadelphia, will leave August 1st for Montrose, Pa., where he will attend Dr. Torrey's Bible Conference during the month of August.

Dr. McClure has taken much interest in the Torrey Bible conferences and it will be recalled was instrumental in securing Dr. Torrey for the great series of meetings here last March. The conference will be in progress the entire month and Dr. McClure's family will remain with him at Montrose.

During Dr. McClure's absence Rev. J. E. L. Winecoff, president of James Sprunt Institute, will fill the pulpit of St. Andrew's church.

Those Pies of Boyhood.

How delicious were the pies of boyhood. No pies now ever taste so good, what's changed? The pies? No. It's you. You've lost the strong, healthy stomach, the vigorous liver, the active kidneys, the regular bowels of boyhood. Your digestion is poor and you blame the food. What's needed? A complete toning up by Electric Bitters of all organs of digestion—Stomach, Liver, Kidneys, Bowels—Try them. They'll restore your boyhood appetite and appreciation of food and fairly saturate your body with new health, strength and vigor. 50c at Robert R. Bellamy's.

FIREMAN TO NEWBERN TODAY

Members of Local Department to Attend Meeting of State Association—President McNeill Here Sunday.

Mayor Jas. D. McNeill, of Fayetteville, president of the North Carolina Firemen's Association, and the moving spirit in that organization, spent Sunday in Wilmington on his way to Newbern to attend the 23rd annual convention and tournament of the firemen of the State which begins today. Members of the Sanford fire department also spent Sunday in the city, leaving yesterday morning for Newbern. President McNeill left Sunday afternoon in order to be on hand for the opening of the bi-centennial celebration yesterday morning.

The indications are that this meeting will be one of the most largely attended and interesting in some years. The fact that the tournament will be held during the bi-centennial celebration, means that the events will be witnessed by thousands of people from all sections of the State. The Wilmington Fire Department will be well represented, but will not take part in any of the races. Chief Chas. Schnibben and the delegates from the several local fire companies leave this morning for Newbern. The following are the delegates: P. N. Fick, from Chemical Co., No. 1; John T. Yates, superintendent of fire alarm, Hook and Ladder Co., No. 1; F. Louis Freimuth, Hose Co., No. 3; W. H. Kermon, Engine No. 1; R. S. Liles, Hose Co. No. 2. The Wilmington firemen will return Thursday night or Friday.

The first session of the annual meeting of the North Carolina Firemen's Association, will be held at 11 o'clock this morning. Tomorrow and Wednesday the annual tournament takes place.

It is understood that Charlotte and Salisbury will make strong efforts to land the next meeting of the association. The impression here is that Charlotte will be selected.

THE RECORDER'S COURT.

Several Cases Were Heard at Yesterday Morning's Sitting.

Recorder Furlong had a rather lengthy session of his court yesterday morning. Owing to the fact that Superior Court is holding forth in the Court House the sessions of the Recorder's court are being held this week in police headquarters. A case of considerable interest was the one in which Mr. T. E. Whitmer was charged with the reckless driving of an automobile, following an acident on Market street some days ago. He entered a plea of submission to running the machine at a higher rate of speed than allowed by the city ordinance in turning the corner at Second and Market streets, and was required to pay $5 and costs. He was represented by Thos. D. Meares, Jr., Esq.

Sylvester Ashe, colored, was given hearing on the charge of entering a residence on North Second street some nights ago and stealing a number of valuables. The case against the youth was left open for judgment.

A case against George Williams, colored, charged with larceny of a pair of trousers from Fred Burney, colored, sent up from Justice Bornemann's court, was continued until today. George Holden, colored, was found not guilty of the charge of false pretense preferred against him by Mr. Clarence Mills.

Walter Guion, colored, was arraigned on two charges—assault with deadly weapon and carrying concealed weapons. He is the negro who created some disturbance on a street car some days ago, it being alleged that while in an intoxicated condition he drew his pistol and asked the conductor "How much have you, anyway?" He was found not guilty of the charge of assault, but for carrying concealed weapons he was assessed $25 and the costs.

James H. Hall, colored, was also given hearing in two cases—disorderly conduct and carrying concealed weapons, to-wit, a razor. He was required to pay a fine of $25 and costs for carrying the razor and the costs in the disorderly conduct case. John Hudson, colored, paid a fine of $5 for assault on Sarah Gause, while he was let off with the costs in a case for disorderly conduct.

MAN OFF YACHT MISSING.

Was at Seaman's Home for Few Days. Unusually Strange Case.

A young man who went by the name of George Lound, who was left here by Capt. Gregory, of the yacht Gregory, to be cared for at the Seaman's Home until he could be sent to his home in Washington, is said to be missing in one report received here and in another reported dead.

Mr. Hermann Schlieve, the keeper of the Seamen's Home, following instructions from the young man's father, bought a ticket here for him and placed him on the train. Nothing more was heard until last Saturday, when an inquiry was received here, asking about his whereabouts, a letter coming to the police department from his mother, who also lives in Washington. Since this Mr. Schlieve has heard that Lound, who was partially deranged, had died shortly after he reached Washington. Lound's mother and father have separated and he is reported to have been living with his mother prior to his departure on the yacht.

Capt. Gregory stated that he was afraid to carry him to sea with him again and proceeded from here with the yacht Gregory further South. Lound stayed around here for several days and had to be watched for fear that he would do himself personal injury.

Back From New York.

Mr. J. Bailey Farmer, sales agent for North Carolina for the United Wireless Company which recently became involved in New York, has returned from a visit of some time to the headquarters of the company and states that in a few days he will be in position to make a statement for the benefit of local stockholders in whose interest he made his trip North.

Own a home on the beach now or never. **

TRUE BILL AGAINST WAY

Man Charged With Killing of C. L. Register May be Arraigned in Superior Court Today—Other Matters.

The first day of the regular two weeks' term of New Hanover Superior Court, which convened yesterday morning with Judge H. D. Whedbee, of Greenville, presiding, was featured by the finding yesterday afternoon by the grand jury of a true bill for murder against Walter Way, 40 years old, a well known plumber, who is charged with the killing of Mr. C. L. Register, a young white man of Warsaw, who died at the James Walker Memorial Hospital Tuesday night, July 19th, as the result of a blow received on the head in a difficulty the Sunday afternoon just preceding.

It is not improbable that the accused will be arraigned some time today. It was stated yesterday afternoon that he will probably be represented by the law firm of Kellum & Loughlin, but it is not known yet whether or not the case will be tried at this term of court. The State will probably be ready but whether the defense will be ready or not had not been determined yesterday. This is the most important case on the docket for trial at this term of court and if heard this week will attract a large number of spectators. The degree of murder will be determined later.

The grand jury was selected in a short time and empanneled as follows: J. N. Jacobi, foreman; L. Y. Styne, H. O. Thomas, H. E. O'Keef, L. Stein, W. M. Baldwin, B. F. Hobbs, J. A. Hines, F. W. Kuhl, J. M. Jarrett, C. W. Craig, Richard Padrick, B. P. Pridgen, G. S. Nevens, W. D. Pugh, C. H. Belvin, W. B. Munroe and J. D. Cottle. Judge Whedbee then began his charge of 40 minutes, covering in a most comprehensive manner the criminal law as the grand jurors will have to deal with it. While the charge was interesting and clear and such as to leave no doubt in the minds of the jurors as to their duties, there were no special features. The charge was concluded shortly before 11 o'clock, when Acting Solicitor Brooke G. Emple called over the docket. Judge Whedbee asked to be shown a copy of the act creating the Recorder's court, stating that he would like to familiarize himself with the provisions of the bill during recess for dinner. When a case against Harllee Bellamy, colored, was called it was stated that counsel for the defendant, L. Clayton Grant, Esq., was engaged in the Recorder's court and further that the main witness was due to appear in the Recorder's court at that hour to answer to a charge. Judge Whedbee stated that his court could not be delayed on account of the Recorder's court, but rather if it were necessary that either be delayed that it should be the Recorder's court. He wanted it understood that the Superior Court was superior to the Recorder's court and should be so regarded by the lawyers, defendants and witnesses.

12 Months on Roads.

James Johnson, a mulatto, apparently 15 or 16 years old, who does not bear the best reputation, entered a plea of guilty to the charge of entering an apartment at The Carolina and stealing a valuable gold watch belonging to a lady. The watch was valued at $90, hence the Recorder had no jurisdiction in the case. It will be recalled that a few weeks ago Johnson, in broad open daylight, entered an apartment at the Carolina, stole a valuable watch and a short time later sold it to a driver of a delivery wagon for a mere song. Johnson was discovered in the apartment by a colored woman, who afterwards identified him. Soon after the robbery Deputy Clerk of Superior Court W. N. Harriss, who has apartments in The Carolina, was informed by telephone of the daring work of the negro youth. He secured a good description of the negro and also other facts which he put in the possession of Deputy Sheriffs Harvey Cox and J. W. Brown, who had the negro in jail within an hour. Deputy Sheriff Cox was the only witness examined yesterday morning, after which Judge Whedbee sentenced the youth to 12 months on the county roads, the superintendent to be asked to give him light work.

Solicitor Rodolph Duffy, of Catherine Lake, arrived in the city yesterday at noon and was in the court room in the afternoon looking after the interests of the State.

A case against H. Hocutt was continued until the next term by consent. M. E. Guy, a white man, charged with abandonment, was called and failed and his bond of $1,000 was declared forfeited. Frank Cumber, a white man, charged with the larceny of a chest of tools, was found not guilty.

Valentine Howe, colored, was found guilty of the charge of receiving stolen goods knowing them to have been stolen and was sentenced to 12 months on the county roads. The "goods" in question was a pair of trousers. Ed Walker, colored, entered a plea of guilty to disturbing a religious congregation, and was sentenced to 30 days on the county roads, or a fine of $10 and costs. Arthur Tilley, colored, pleaded guilty to assault, and was required to pay the costs. Thomas Quince, colored, was convicted of the charge of assault with deadly weapon on G. Torrence, colored, and was sentenced to 12 months on the roads.

Some little time was consumed in the trial of a case against Harllee Bellamy, colored, charged with stealing automobile tires and tubes from The Auto Company, where he was employed at the time of the alleged theft. The defendant was represented by L. Clayton Grant, Esq. The jury was out nearly an hour, returning a verdict of guilty at 6 o'clock. Counsel for the defendant was not in the court room when the verdict was returned and Judge Whedbee deferred sentence until this morning.

Judge Whedbee, who is holding his second term of court, having been appointed only about ten days ago by Governor Kitchin to fill the unexpired term of Judge Ward, of Newbern, has made a most favorable impression on the members of the bar and others who have had occasion to visit the court room. Judge Whedbee is the Democratic nominee for judge in his district, having been nominated on the first ballot, and his election in November is a foregone conclusion.

THE REPUBLICAN CAUCUS.

Gathering of the Faithful Last Night in Struthers' Hall.

Being of an opposite political faith, a reporter of the Star, of course had to forego the pleasure of attendance upon last night's meeting of the New Hanover Republicans in the hall over Struthers' cigar store, but a gentleman of unquestioned integrity whose political affiliation did permit of his attendance upon the meeting, is authority for the statement that he was able to get through the crowd without absolute exhaustion despite the oppressive weather, but that the attendance was very gratifying withal and that a number of faces were in evidence that had not previously been seen in Republican gatherings in New Hanover.

In the absence of the chairman of the executive committee, Mr. D. L. Gore, the meeting was called to order by Postmaster Thos. E. Wallace. The gathering, it is stated, took the form of an informal discussion of general Republican politics. Mr. Wallace explained the machinery of the new Australian ballot and exhibited a sample of the ballot used both here and in New York. He also gave instructions as to the new legalized primary law and spoke with satisfaction of the outlook for the party in this part of the moral vineyard. One of the leaders in the meeting was asked if it seemed the purpose to put in the field during this campaign a county and legislative ticket. He stated that while there was some sentiment for nominating a full local ticket, that it was likely only a legislative campaign would be waged. The primaries have been called for August 2nd.

CROWDS AT RESORT.

Sunday Record Breaker for the Season at Wrightsville.

Unquestionably Sunday was a record breaker for the season at Wrightsville Beach. The Tarrymoore and Seashore Hotels were crowded while the boarding houses had as many as they could accommodate. For the first time this season the verandas at the Seashore Hotel had to be used Saturday night for "sleeping quarters" for the overflow crowd. The Tarrymoore was also crowded to its limit. There are a large number of regular guests at the resort and added to thise were the usual week-end visitors. In addition there were hundreds of Sunday excursionists on the beach, taking advantage of the special Sunday rate offered by the Atlantic Coast Line on all its lines entering this city. In the afternoon there were the usual number from the city, but not so many went down in the evening. Mr. Edgar L. Hinton, the popular manager of the Seashore, stated that he has reservations to fill his popular hostelry until the 25th of August. There is every reason to believe that the season will be longer this year than usual. Most of those who have made reservations at the Seashore from now until the latter part of August, are prominent people from Tennessee. The resort is becoming as popular with Tennesseeans as it has been for many years with South Carolinians and Georgians. The fame of the resort is spreading each year, and it now looks as if it will be necessary to increase the accommodations considerably before the beginning of the next season.

FIRE LAST NIGHT

Stock of Mr. J. E. Hatch, on Market Street, Damaged.

Spontaneous combustion is thought to have been the cause of a fire discovered at 10 o'clock last night on the second floor of the building at No. 130 Market street, owned by Mrs. Lena Wessell, and occupied by Mr. J. E. Hatch, the well known painter, decorator and wall paper dealer, whose stock was damaged by fire and water to the extent of several hundred dollars, fully covered by insurance with the agency of Messrs. Clayton Giles & Son. The damage to the building is estimated at $150 and is said to be covered by insurance. The fire was discovered by a policeman on that beat, who turned in, or caused to be turned in, an alarm from box 22, corner Second and Market streets, and the firemen were on the scene in a jiffy. No blaze could be seen from the outside, but smoke in great volumes was issuing from the second story windows. A clerk was across the street at the moving picture show and arrived in time to open the front door to let the firemen in, thus avoiding the use of the ax or crow bar in gaining admittance to the store. Chemicals were first applied, but the overhead was almost ready to burst into flames and Chief Schnibben thought it advisable to use a stream of water. Every particle of the fire, which was located in some paints, wall paper, etc., about the center of the second floor, was out in a short time. The greatest amount of damage is due to the water that was used. Several hundred people gathered in a short time expecting, no doubt, to witness a spectacular blaze.

YOKE FELLOWS' BAND.

Largely Attended and Enthusiastic Meeting Last Night.

The Yoke Fellows' Band of the Y. M. C. A., of which Mr. L. D. Latta is president, held a largely attended and enthusiastic meeting in the rooms of the association last night. Reports showed that so far during the month of July there have been held 32 meetings with a total attendance of 1,000 which is considered unusually good. Several committees were appointed last night to investigate and make report with reference to taking on some new work, or rather broadening the field of the organization. The recent resignation of General Secretary Edwin Kettle was officially announced to the meeting and all expressed deep personal regret that he is to depart August 1st.

Excursion Tomorrow.

The annual excursion of George Washington Council, No. 67, Jr., O. U. A. M., to Carolina Beach, which is scheduled for tomorrow, will be well patronized from the present indications. The committee in charge of arrangements is composed of Mr. H. W. Howell, chairman; Messrs. B D Hamilton, Ed Register, N. J. Hines and H. W. Callihan. There will be music and dancing and all who go on the trip are assured of a most enjoyable time. The steamer Wilmington will make three trips, the last boat returning to the city late at night.

Your last chance to own a lot on the beach TOMORROW, July 27th. **

BEACH PROPERTY SALE.

United Realty & Auction Company's Big Event Tomorrow.

Summer dwellers and investors will be interested to refresh their memories upon the fact that tomorrow is the day for the great auction sale of desirable lots on Wrightsville Beach by the Columbia Realty & Auction Co., of Greensboro, and the United Realty & Auction Co., of Wilmington. The property is situate just above the Hotel Tarrymoore and has been improved to meet the requirements of purchasers. The sale begins at 11 o'clock tomorrow on the ground to the highest bidder, absolutely regardless of cost. The extension is the last available property on the beach and the growing popularity of the resort is bound to make it most attractive to investors and homeseekers. Free transportation will be furnished from Wilmington, leaving Front and Princess streets, promptly at 10 A. M. All are cordially invited. The terms of the sale will be one-third cash and the balance on easy payments.

CONDEMNS PRIZE FIGHTING

Colored Sunday School Convention Adopts Resolutions.

The Northeast and Cape Fear Sunday School convention, colored, held at Atkinson, N. C., Friday, Saturday and Sunday adopted strong resolutions against prize fighting, which The Star is requested to reproduce as follows:

"Whereas prize fighting in several sections of our country have been allowed to a prohibitory and barbarous extent, the effect of which has caused riots, fights, and even the taking of life, therefore be it

"Resolved, That we herein enter our uncompromising protest against the allowing of such fights in any part of the country, hoping that each State within these United States will forever prohibit by law any such fighting within their respective borders.

"We further denounce such fights as being savagery, infamous and demoralizing to any community.

"We further denounce the celebrating of the winning of such fights, be the winner of whatever race or nationality."

ON ROLL OF HONOR.

Atlantic Trust & Banking Co., Has Enviable Distinction.

The Atlantic Trust & Banking Co., of this city, is to be congratulated upon the distinction of being placed upon the roll of honor of banks and trust companies of the United States making the best showing upon its capital stock for a stipulated period. Although only seven years old, the progress of the Atlantic Trust & Banking Co., has been phenomenal. It has made money for both its stockholders and depositors and has been an important factor in the banking development of the city. The announcement of the bank in another column will be read with interest.

Narragansett Pier, R. I., July 25.—At the opening of the National Polo Tournament here tonight the New Haven won the first round in the play for the freshman cup against the Fauquier Country Free Booters, of Virginia, the score being 6 1-4 to 3. In a special match New Haven first team defeated the Perroque 15 to 7 1-2, the latter being allowed four goals handicap.

Lexington, Ky., July 25.—S. S. Offutt & Company, Georgetown, Ky., grain dealers with extensive interests in the South, assigned today. The liabilities are announced at $40,000, and the assets at half that sum. The firm was founded 25 years ago.

HEAT-DANGERS FOR CHILDREN

The little folks do not stand the heat as well as their elders, and special care should be taken to keep them in good physical condition. One of the things to be especially watchful of is the condition of the bowels, which presents many dangers hardly dreamed of by parents. When the child shows a tendency to constipation, if it loses appetite, complains of headaches, itch or fails to sleep well and awake refreshed, the mother may be certain that the child needs a tonic-laxative with ingredients such as are contained in Dr. Caldwell's Syrup Pepsin, of which most mothers have heard and which thousands of mothers are using for themselves and their children. Indigestion is one of the worst troubles of child-life in the summer time, and it manifests itself in many different ways. Whatever the cause and whatever the manifestation the mother may be sure of removing the trouble with a few doses of Dr. Caldwell's Syrup Pepsin, which should always be kept in the house for emergency. It is sold in two sizes, 50 cents and $1.00, and can be obtained of any druggist. Those who have never used it and wish to make a test of it before buying, can obtain a FREE SAMPLE BOTTLE by addressing

FUNERAL OF MR. WILSON.

Services at Church of Good Shepherd Sunday Afternoon.

The funeral of the late Mr. Frank B. Wilson, a well known and highly esteemed young man whose death occurred Saturday, was held from the Church of the Good Shepherd at 5 o'clock Sunday afternoon, conducted by Rev. Thos. P. Noe, the rector. There were present a large number of sorrowing relatives and sympathizing friends, and there was a profusion of floral designs sent by friends in this city and in Charlotte, where the young man formerly resided. The interment was in Bellevue cemetery. The pallbearers were: Messrs Joseph W. Little, W. J. Bradshaw, O. R. Ellis, M. W. McCord, R. H. Shaw and H. Maultsby.

HOSTILITY TO AMERICANS

Increasing In Nicaragua—Gunboat Vicksburg Arrives.

San Juan Del Sur, Nicaragua, July 25.—The newspapers and the public show increasing hostility to Americans. The United States gunboat Vicksburg has arrived here from Corinto and will remain a week.

The authorities fear a revolutionary movement and are stringing barbed wire around the forts.

MURDER AT CAPE CHARLES, VA.

Almer Satchell Killed After He Fired On Assailant.

Norfolk, Va., July 25.—A special from Cape Charles, Va., says:

"In a quarrel over a woman this afternoon at Nassawadox, Nathan Wyatt, 25 years old, shot and killed Almer Satchell, 35 years old. Bad feeling had existed between the men for some time. They met on the road today. Satchell drew his gun and fired on Wyatt, the ball entering his arm. Satchell then ran to the home of a brother of Wyatt's and concealed in a closet. Wyatt after securing a gun followed Satchell to the house and after breaking down the door of the closet where Satchell was concealed shot him in the head, killing him instantly. Wyatt is a veteran of the Spanish-American war. After the shooting he surrendered to the police."

Philadelphia, July 25.—John R. Marshall, otherwise known as Darley Moulton, under arrest here for alleged complicity in the looting of the National City Bank of Cambridge, Mass., was married today in the office of his attorney to Eleanor Holliday, who has been his champion since leaving Cambridge. Marshall and his wife leave tonight in custody of a deputy United States marshal for Boston, where Marshall will stand trial.

Mr. Leslie E. Mann, a popular young North Carolinian who began his railroad career in Wilmington some ten years ago, later going to the general offices of the Seaboard Air Line in Portsmouth, Va., and now traveling passenger agent of that great Southern system with headquarters at 1183 Broadway, New York City, spent Sunday and yesterday in the city and at the beach as the guest of his brother, Mr. James F. Mann, in Carolina Place. Mr. Mann left last night for Wallace to spend a few days with his parents, Rev. and Mrs. E. Mann. He has been engaged during the Summer at Atlanta and has contributed a large share towards the phenomenal business that has developed in that territory to Wrightsville Beach.

* * *

Currie, N. C., July 25.—An event of much social interest to this entire community was given on last Friday evening, July 22nd, when Dr. and Mrs. George Lucas gave a reception at their pretty and hospitable home near Currie in honor of their visiting daughters and son, Mesdames Jas. R. Thomson, of Lake Waccamaw; Guy R. Davis, of Wilmington; Seth L. Smith, of Whiteville, N. C., and Mr. George Lucas, Jr., of Wilmington. About fifty guests were present. The beautiful lawn was brilliantly lighted for the occasion and the bevy of lovely young ladies made the scene one of rare beauty. A progressive game played on the lawn was the feature of the evening, after which dainty ices and cake were served. The guests reluctantly departed at a late hour, voting Dr. and Mrs. Lucas charming host and hostess.

PERSONAL PARAGRAPHS.

—Messrs. H. C. Bridger, Bladenboro, and E. L. Wooten, Rowland, were among last night's arrivals at The Orton.

—Mr. J. R. Clements, the popular chief clerk at The Orton, leaves this morning to spend his vacation in New York and Philadelphia.

—Mr. C. E. Hooper, proprietor of the Buford Hotel, Charlotte, accompanied by his family arrived last night and will spend some time at Wrightsville Beach at The Seashore.

—Messrs. W. G. Pleasants, S. M. Alford, A. D. McKenzie and J. A. McCoy, of Rowland, N. C., after spending several days very pleasantly at The Seashore Hotel, Wrightsville Beach, returned home yesterday morning.

—Solicitor N. A. Sinclair, of Fayetteville; C. Ed. Taylor, Esq., of Southport, and Robert Ruark, Esq., of Wilmington, were among those who went up to Elizabethtown yesterday morning for the special term of Bladen Superior Court for the trial of the Brady Green Swamp cases.

FARMERS' UNION TO MEET

Semi-Annual Convention in Raleigh Today—Habeas Corpus Case.

(Special Star Telegram.)

Raleigh, N. C., July 25.—A large number of Farmers arrived this afternoon and tonight for the semi-annual session of the North Carolina Farmers' Union which will convene at the A. & M. College tomorrow. There was a preliminary meeting of the committees and directors tonight also a general social gathering in the college library. The convention meets at 10 o'clock tomorrow and will be called to order by President H. Q. Alexander, of Mecklenburg county. An especially distinguished visitor will be President Chas. U. Barrett, of the National Farmers' Union who arrived from his home in Georgia today.

Friday of next week is now set for a hearing of the writ of habeas corpus sued out against Mrs. Ayers by her hunsband, Roscoe M. Ayers, of Durham for possession of their seven year old daughter hiwknapped by the mother from Durham.

Ideal Sunday Desserts.

Are made with Blue Ribbon Lemon or Vanilla Extract, true fruit flavors.

TO UNITE EFFORT FOR WATERWAYS

(Continued From Page One.)

re-election to the office he has filled so ably. Mr. Taylor then introduced Congressman Moore.

The distinguished Pennsylvanian stated in beginning that he desired to say that the reception accorded Mr. Small and himself was highly appreciated. He said that it was hard to get business men together in the middle of the day to hear addresses on the waterways project, yet there was nothing that is of more importance to them if they could only see it that way. Sometimes, said the speaker, we are likely to take up our time with minor affairs of life that concern only ourselves, and do not pay heed to the great natural opportunities about us. Mr. Small and myself thing we have great natural opportunities which have not been developed and, therefore, we are going about agitating this waterway project. In company with Mr. Small I have been to many points on the Atlantic seaboard. We have often found that the seaport towns are not doing what they should in the way of taking advantage of their natural advantages while inland towns are obtaining from Congress large appropriations for the development of their natural resources. The greatest fault the speaker had to find with the towns on the Atlantic seaboard was their neglect of their opportunities. The boards of trade and other commercial bodies sit idly by while other sections gobble up the appropriations of Congress. Nearly one-half of the total appropriations made by Congress for waterways has gone to the Middle West for the improving of the Mississippi and its tributaries, when the people of the Atlantic seaboard were planning for waterways development long before any other section of the country.

Mr. Moore said that it had only been since Mr. Small went to Congress that North Carolina waterways has attracted attention. Today Wilmington has no interior waterway connection with Philadelphia, Baltimore, Providence, etc., but Newbern, a short distance away, has. To get to Wilmington vessels from the North must come around Frying Pan shoals and up tne Cape Fear river.

Congressman Moore again referred to the fact that men who have opportunities fail to take advantage of them, being too busy with their own private affairs. The men of the Middle West have been watching the situation and have been at work No matter what the commerce is on a given stream they go ahead and ask Congress for money, because they know that with money the streams may be improved, towns built and new commerce secured. He gave figures to show the comparatively small amount of commerce on the Mississippi and tributaries and the large appropriations that have been secured from Congress to develop the waterways.

The speaker said that North Carolina was well treated this year in the matter of waterways appropriations, due largely to the efforts of Congressman Small and the good work of Senator Simmons. North Carolina, he said, was placed on the map at the last Congress and will be recognized hereafter. Congressman Moore said that he would doff his hat to Congressman Small for the North Carolina appropriation was more than he could get for Pennsylvania.

He said that he had been working with Congressman Small for the development of the waterways for the past three years; that Congressman Small was engaged in the work before the speaker went to Congress and he was rightly called the "Father of Waterways Development in the South." Congressman Small, he said, had fought to a finish the Beaufort project which is the greatest work of the kind in the South up to date. The speaker spoke of the large amount that is being appropriated annually to three States in the Northwest which is altogether out of proportion to the amount given the South.

New England Sleepeth.

The people of New England, as smart as they think themselves, are so far behind they do not know where they stand—they are not taking advantage of the opportunities they have for development, declared the speaker. We are endeavoring to arouse her to a realization of her opportunities. New England, according to figures compiled by the Boston Board of Trade, spends annually $100,000,000 for coal to operate its manufacturing plants, etc. Investigation has shown that the coal used cost at the mines $30,000,000. In other words, New England is paying $70,000,000 in freight—more than twice the value of the commodity. These figures, said the speaker, are not disputed, but are vouched for by those of New England who are wise to the real situation. The high transportation rate is due to the fact that so many vessels are wrecked in passing around Cape Cod. The speaker said that there had been 1,000 wrecks on Cape Cod in the past 25 years. He said the people of this section were familiar with the treachery of Cape Hatteras, but not with Cape Cod, which, if the present number of wrecks continue, will some day be a coal mine of marvelous wealth.

Congressman Moore said that he and other advocates had endeavored to show that the inside route from Boston to Florida would be a paying investment. He did not consider it such a frightful proposition, though one of great magnitude, when it cost at present the loss of many lives and the wrecking of millions and millions of dollars worth of property to pass around the dangerous points in the Atlantic. He said that the authority of Congress had been obtained to continue the survey from Boston to Key West, and spoke of the vision of Washington and Jefferson and other statesmen of the past relative to an inside route along the Atlantic. He then spoke of the importance of the Erie canal, referred to by President Taylor, and how its construction had made New York the leading city of this country and the second city of the world and declared that this honor would be held by New York until some Western city comes in and robs the East of this prestige.

We are endeavoring, said the speaker, to hold for the Atlantic coast what rightfully belongs to it, and more, to link New England with the Southern States, so that those sections that have been hampered, may have the opportunity to put the fertility of their soil to a test and afford an outlet for the tiler of the soil and for the manufacturers, who choose to locate on the waterway. He spoke of the great increase in property values that would surely come along the route of the waterways. He said that the government was in position to help this section and to help the people of his section. The interior route will mean a big saving to all concerned in the matter of freight rates and also a saving of time. Inquiries had elicited the information that more North Carolina products had been shipped to Pennsylvania the past year than ever before and this through Chesapeake canal, privately owned, and whose charges for passage of vessels through it is in excess of that charged by railroads. What is desired, said the speaker, is that the government take over the canal and free it of all toll.

Fertilizer Rates.

The speaker had made some inquiries relative to rates on fertilizer, much of which is shipped to the South from New York, and had learned that the rate from New York to Wilmington for a ton of 2,000 pounds was $4.80, and to Newbern, by way of the inside route, it is $1.30 a ton of 2,240 pounds. The cost from Newbern to Wilmington is the difference between the two rates. This was given as illustration of the saving in freight that would come with the completed waterways route. The speaker thought the business men should stand a little agitation of this important matter. He was pleased to note the improvement going on in the South. The realization of the waterways project will mean that some business will be done in Wilmington that never came here before. He had found North Carolina a warm and devoted friend of the waterways cause. A State with the largest area of fresh water in the South, but no outlet to the Atlantic except the Cape Fear river, but Congressman Small has succeeded in getting a canal at Beaufort. The speaker said that he had given his aid in Congress to North Carolina and in doing so he was helping his own cause, for North Carolina business would not go through Philadelphia to New York without leaving some in the Quaker City.

In conclusion he spoke of the third annual convention of the Atlantic Deeper Waterways Association to be held in Providence, R. I., August 31st to September 3rd, and urged that the Old North State be well represented.

President Taylor said that the address of Mr. Moore was a splendid effort and that his statement relative to rates on fertilizer was only an example. If Wilmington does not get relief in the matter of freight rates until the completion of the waterways project, it will come then, said President Taylor, who then introduced Congressman John H. Small, of the First Congressional District.

Congressman Small.

Congressman Small prefaced his address by the statement that his remarks would be a practical presentation of the purpose of the visit of himself and Mr. Moore, which was to arouse new interest in the waterways project that Wilmington business men may exert a stronger effort to accomplish the end in view. He stated that he realized when the Beaufort canal was first talked of that the waterways project should not and could not stop there, but continue until connection was made with the Cape Fear. He spoke of generosity of the Wilmington Chamber of Commerce in giving the Beaufort project its endorsement 10 years ago and relinquishing this section's claim temporarily in order to make an impression on Congress and secure the construction of one of the links in the proposed route. It was not practicable at that time to attempt more, he said. The need of the Wilmington link is apparent to all, he said. He spoke of the dangers of Hatteras and Frying Pan, at the mouth of the Cape Fear, and declared that until the Wilmington link is completed protection cannot be given to the coastwise trade.

The time has come in this State, he said, when the people must devote time to a study of current economical problems. A State that does not attempt to solve the current economical problems is not doing its duty. As this is the chief commercial city, the Wilmington commercial body should take the lead. He mentioned a number of current problems now before the people: First, development of waterways; conservation and utilization of our National resources; Appalachian forest reservation; drainage; proper laws regarding fish industry.

(Continued on Page Eight.)

LOCAL DOTS.

—Mr. Frank T. Mills offers for sale his stables. The stables are located on North Second street and price and terms will be given upon application.

—The schooner Alice Holbrook, Capt. Ellis, cleared yesterday for Philadelphia with cargo of 11,700 ties from Messrs. G. T. and W. J. Flynn. The vessel will sail today.

—The body of Lois, the infant daughter of Mr. and Mrs. J. R. Turner, whose death occurred Saturday, was taken Sunday to Clinton, where the funeral and interment took place.

—The Jacoby Workers' Class will meet at the Y. M. C. A. today from 1:05 to 1:30 P. M. The meeting will be in charge of Rev. Wm. E. Cox, rector of St. John's Episcopal church, who will make a talk on "The Prodigal Son."

—Mr Herbert E. Goodwyn, who has been the capable assistant agent for the Seaboard Air Line at this point for some years, has resigned his position with the road, and will engage in other business in this city. He has a great many friends who wish him the full measure of success in whatever business he may engage.

—Deeds were filed for record yesterday as follows: Thos. J. Keenan and wife to Martin Brunjes, for $1,000 and other considerations, lot on southeast corner of 13th and Market streets, 60x150 feet in size; Edward H. Kidder, of New York, and others, to Thomas J. Keenan, for $10, lot on east side of 13th street, 75 feet south of Market, 60x75 feet in size.

—Bids for the erection of the brick annex to the Wilmington High School building were opened at 9 o'clock last night by the building committee, of which Mr. J. A. Taylor is president. There were six or eight bidders. The committee will have another meeting at 4 o'clock this afternoon at which the contract will probably be awarded to one of the several bidders.

—The baseball teams of Delgado and Wrightsboro played a game on the diamond of the latter Saturday afternoon, the score being 7 to 2 in favor of Wrightsboro. A feature was the pitching of Janicki, for Wrightsboro, who fanned 12 men. The work of King for Wrightsboro is also worthy of note, he getting four hits out of four times at bat, three for extra bases.

—Three fine pictures will be shown as the bill at the Bijou theatre today. They are entitled, "The Nightmare," "The Mountain Lake" and "Love of Chrysanthemum." The Nightmare is a thrilling drama, effectively staged and realistically enacted. "The Mountain Lake" tells of a trip across one of Switzerland's most beautiful bodies of water, and the last named is a Japanese exotic of love and its rejection.

CAUSED FOR ACCIDENT

Safety Device Failed to Work Properly Eleven Were Killed.

Washington, July 25.—A safety device which had been tested and found true, but failed in one particular instance was the cause of the gun explosion in battery DeRussy at Fort Monroe on July 21st when eleven artillery men were killed. That is the finding of the board of officers which investigated the accident and made its report today. A premature explosion of the powder charge did the damage.

The board in its report says it is forced to its conclusion notwithstanding the fact that long experience and previous tests had given assurance that the firing mechanism afforded protection against the very disaster which came.

One result of the Fort Monroe accident is that every piece of ordnance in the army will be tested and further safety devices will be added.

CHAPEL HILL BANK

Prof. M. C. S. Noble and Mr. O. C. Thomas Are Named.

(Special to Charlotte Observer.)

Chapel Hill, July 25.—The latest development in the situation of the defunct People's bank is the appointment of a temporary receiver. Upon the prayer of the North Carolina Corporation Commission, Judge J. Crawford Biggs, in chambers at Durham yesterday, appointed Prof. M. C. S. Noble, of Chapel Hill, and Mr. O. C. Thomas, of Durham, to be co-receiver. Judge Biggs later withdrew the appointment of Prof. Noble and continued Mr. Thomas as temporary receiver. A permanent receiver will be appointed in a few days.

TWO WOMEN DROWNED.

Occurred in Lehigh River in Pennsylvania—Terrible Struggle.

Allentown, Pa., July 25.—Two young women lost their lives while bathing in the Lehigh river near Weissport, Pa., today and a third narowly escaped their fate. Misses Sarah Max, aged 18, and Beulah Max, aged 20, sisters, came to Weissport from Philadelphia to spend their vacation with their cousin, Mrs. Benjamin Ziff, aged 24, wife of a local business man. The three young women miscalculated the depth of the water and after taking a few steps they got to a spot where the river bottom dipped abruptly and they sank beyond their depth. None of the three could swim and no help was near. According to the account of Miss Beulah Max, the survivor, they struggled and screamed with all their might. After an almost superhuman effort, although she was unable to swim, Miss Beulah Max reacheu shore.

Hoping against hope that if the bodies were taken out at once there might be a chance of resuscitation, Miss Max half staggered and half crawled to the nearest house, 600 feet away. She was so exhausted that for a time she could not talk. Her condition and the signs she made however, told plainly of the accident.

She was carried back to the river bank. There, between gasps for breath she told of the drowning, and as she pointed into the water the bodies of the drowned women were seen. Two men dived and brought them ashore. A doctor worked for half an hour in an effort to resuscitate the drowned women.

LIEUT BEAL ON TRIAL

Battleship Officer Charged With Sleeping on Duty of the Delaware.

Newport, R. I. July 25.—A general court martial convened here today to try Lieutenant Grafton A. Beal, Jr., of the battleship Delaware on charges of sleeping on duty and leaving his station without being relieved. On request of Lieutenant Beal the court adjourned until tomorrow when the defendants counsel is expected to arrive. Captain Ray Smith, U. S. N., is president of the court.

Your Freckles

Summer Sun Brings Out Ugly Spots

Easy Way to Remove Them.

The woman with tender skin dreads the July sun because it is sure to cover her face with ugly freckles. No matter how thick her veil, the burning sun will surely make her freckle.

Fortunately for her peace of mind, the recent discovery of a new drug, othine—double strength—makes it possible for those even most susceptible to freckles to keep the skin clear and white. No matter how stubborn a case of freckles you have the double strength othine will remove them.

How Miss Kraatz Cured Her Freckles.

816 Broadway, St.
Martin's Ferry, Ohio, Sept. 16., '09.

I can hardly express in words of praise the satisfaction that i received during the use of your wonderful remedy, othine — double strength — for freckles.

Will be glad to recommend it to all my friends.

Yours sincerely,
MISS CLARA KRAATZ.

Need Attention Now or Face Will Stay Freckled All Summer

Now is the time to take special care of the complexion if you wish it to look well the rest of the year. The sun brings out freckles that will stay all Summer unless removed now with othine—double strength.

This prescription for the cure of freckles is the discovery of an eminent skin specialist, and is so uniformly successful that it is sold by J. Hicks Bunting Drug Co., under guarantee to refund the money if it fails. Get an ounce of othine—double strength—and even the first night's application will show a wonderful improvement, some of the smaller freckles even vanishing entirely.

Society Woman Cured.

406 Spring St.,
Buffalo, N. Y., July 2, 1910.

I wrote you some time ago relative to your othine treatment. I want to say I bought a jar of the cream. It has taken all the freckles and moth patches from my face. My friends are asking me every day what I have done to improve my complexion, so I must say I am very much pleased,

I remain yours,
MISS E. M. SHOUHART.

Don't Be "Freckle-Face"

Do you know how easy it is to remove those ugly spots so that no one will call you freckle-face?

Simply get an ounce of othine—double strength—from J. Hicks Bunting Drug Co. and one night's treatment will show you how easy it is to rid yourself of freckles and get a beautiful complexion. Be sure to ask for the double strength othine, as this is sold under guarantee of money back if it fails to remove the freckles.

Gave Beautiful Pink Complexion

Fillmore, Utah, May 30th, 1910.

I am certinly delighted to tell you my freckles are gone. My skin is white and a very delicate pink. I used the cream as directed and in a few days could almost see the freckles going away. I have a little of the jar left. My friends admire my complexion and have asked me what I have been doing with it, and I was very much pleased to tell them what I was doing.

I remain as ever, yours truly,
HAZEL HATTON.

Money Back If Not Cured

Now is the time to rid yourself of freckles, for if not removed now they will stay all Summer, and spoil an otherwise beautiful complexion. Money back if othine fails.

Othine—double strength—is sold under guarantee, at

J. HICKS BUNTING DRUG COMPANY

S. S. S. CURES ECZEMA, ACNE, TETTER, ETC.

Eczema, Acne, Tetter, Salt Rheum, etc. are simply the ulceration of skin tissues, caused by humors and acids in the blood. The circulation has become infected with impurities which are being constantly deposited into the pores and glands of the cuticle, and a continual state of inflammation and irritation is thus kept up. Just as long as these humors and acids remain in the circulation the skin affection will continue. The trouble may be temporarily soothed and covered over with external applications, but such treatment does not make the blood any purer, and can therefore be of no permanent benefit. To cure any skin disease it is necessary to purify the blood—remove the cause. S. S. S. Cures Eczema, Acne, Tetter, Salt Rheum, pimples, eruptions, etc. because it is the greatest of all blood purifiers. It goes into the circulation and drives out every humor, acid or impurity. It cools the feverish blood and allows it to furnish the skin with healthy nourishment, instead of fiery, acrid deposits. S. S. S. is purely vegetable, mild and pleasant in its action, it does not cure skin disease by forcing all the impurity to the surface, but stimulates the excretory members to carry it off through the natural avenues. If you have any skin affection you can not do better than purify your blood with S. S. S. It will assist nature in quickly restoring the smooth, even texture of the cuticle, and the cure will be permanent and lasting. Book on Skin Diseases free to all who write.

FINANCIAL and COMMERCIAL

NEW CROP FACTOR ON MARKET

Was Active and Firm While Old Crop Position Was Quiet and Generally Lower—Opened Firm With Small Decline.

New York, July 25.—While old crop positions were quiet and generally lower in the cotton market today the new crop was active and firm in bullish weather and crop accounts, with the close easy at a net decline of 6 to 11 points on new crop deliveries.

The market opened firm at a decline of 6 points on July, but generally unchanged to 19 points higher in response to firm cables and unfavorable reports concerning the weather over Sunday. It was dry and hot in the western belt, while further rains were reported in the East and when the Western belt forecast was published holding out no prospect of any change in conditions the market advanced still further with October selling at 13.44 and December at 13.28, or five points net higher. Realizing was heavy around this level which was the highest reached since the big break of last January on new crop positions and prices later reacted six to seven points from the top. But offerings were very well absorbed on a scale down with much of the demand attributed to mill interests and in the last half hour rumors that the National Ginners' Association made the condition only 76 per cent., comparing with their report of 82.3 per cent. toward the end of June, were followed by another sharp bulge which sent October to 13.45 and December to 13.30, or 26 to 27 points net higher. The close was only a shade off from the best on active positions. July notices estimated at about 20,000 bales were circulating this morning but while they were said to have been promptly stopped by the bull leaders, there seemed to be some scattering liquidation of July and August, under which these positions gradually eased off in the absence of anything like general business. Southern spot markets officially reported were unchanged. Private crop accounts are not showing any improvement and on top of the very bullish reports from the Eastern belt the trade is naw apprehensive of bullish accounts from Texas if the drouth is not very quickly relieved.

Receipts at the ports today 3,389 bales against 10,530 last week and 2,622 last year. For the week 45,000 bales against 56,441 last week and 18,401 last year. Today's receipts at New Orleans 330 bales against 1,511 last year and at Houston 196 bales against 188 last year.

Spot cotton closed quiet 5 points lower; middling uplands 15.75, middling gulf 16.00; sales 30,947 bales.

Cotton futures opened firm; closed old easy, new firm.

Peanuts—Steady, fancy handpicked Virginia 5 1-4 to 5 1-2; Virginia shelled Nos. 1 and 2, 4 to 6 3-4.

The cotton seed oil market was dull with sales 1,882 barrels but prices were generally firm with very little oil offered on the old crop positions, and moderate net buying in the new crop months. Prices closed at 8 decline to 19 advance. September 8. 14 to 8.16; October 7.41 to 8.43; November 6.83 to 6.84; December 6.62 to 6.63. Prime crude nominal; prime summer yellow 8.60 to 10.00; prime winter yellow 9.00 to 10.00; prime summer white 9.00 to 11.50.

THE DRY GOODS MARKET.

New York, July 25.—The dry goods markets are showing increased activity. Cotton goods are higher and firmer. The jobbers are doing a better trade and are placing better orders. Corporation dress goods for Spring have been opened at concessions varying from one to three cents per yard. Raw silk is quiet.

AN UNEASINESS FOR STOCKS

Caused by Reports of Damage to Corn Crop Followed by Violent Advance in Price—Importance of Harvests.

New York, July 25.—The reports of damage to the corn crop injected the principal new element into the speculation over the financial outlook today. Great reliance has been placed on the success of the corn crop to make up the deficiency in Spring wheat and to redeem the agricultural return for the year. The violent advance in the price of corn today was calculated, therefore, to create special uneasiness.

The importance of harvests is considered greater since the publication last week of the comptroller's report as the year's profits of agricultural will be required to repay the extensive banking credits throughout the country, away from the banking reserve centers. The reports afloat today regarding the effects to the corn crop of the weather of the past two days and the unpromising weather forecasts for tomorrow in that region caused anxiety.

It was evident that speculative holders of United States Steel were adopting precautionary measures against a possible unfavorable effect on speculative sentiment from the quarterly report of earnings to be published after the meeting of the directors tomorrow. Estimates from Pittsburg sources were in circulation of a material decline to be shown in the earnings.

United States Steel was under active selling pressure and was one of several prominent stocks to sell at new low levels for the present year. The weakness was not confined to the common stock, the preferred stock also being sharply repressed. The common stock furnished a large proportion of the total dealings and when to them were added the transactions in Union Pacific and Reading the rest of the market proved dull by comparison.

The copper securities showed effective resistance to the prevailing depression and were attentively regarded for evidence of the course of the stock market campaign in general. A bear drive against the coppers proved unsuccessful and the perception of the fact had much to do in relieving the pressure on the general list. The money market in New York showed growing ease not for only call, but for time loans. Opinion of the bank outlook was distinctly improved.

Bonds were easy. Total sales par value $1,699,000. United States bonds were unchanged on call. Total sales for the day 875,600 shares.

THE GRAIN MARKET.

Chicago, July 25.—With temperatures above 100, no general rain expected this week and with water famine reported already from half a dozen cities, fright about the corn crop took on serious proportions today. Anxiety was increased by the fact that this cereal has been largely relied upon to make good the huge shortages in the season's yield of other grain. A feeling almost akin to panic sent prices wildly upward, and the close was firm at 3 1-4 to 4 1-2 net advance. Wheat sympathized 3-4 to 7-8 to 1 1-4 and oats 5-8 to 1 to 1 1-8. Provisions also finished higher 5 to 22 1-2.

Wheat—No. 1 red 1.09 1-4 to 1.11; No. 2 red 1.09 to 1.10 1-2; No. 3 red 1.07 to 1.09 1-2; No. 1 hard 1.09 1-4 to 1.10; No. 2 hard 1.09 to 1.12; No. 3 hard 1.07 to 1.09 1-2; No. 1 northern 1.26 1-2 to 1.28; No. 2 northern 1.19 to 1.25; No. 3 spring 1.17 to 1.22; durum 92 to 1.01.

Corn—No. 2, 65 1-2; No. 2 white 67 to 68; No. 2 yellow 66 3-4 to 67; No. 3, 64 1-2 to 65 1-4; No. 3 white 66 to 67; No. 3 yellow 66 to 66 1-2; No. 4, 62 to 63; No. 4 white 64 to 65; No. 4 yellow 63 to 64 1-2.

Oats—No. 2, 40 to 41; No. 2 white 43 1-4 to 43 1-2; No. 3 white 41 1-2 to 42 1-2; No. 4 white 41 to 42; standard 43 to 43 1-2.

HUBBARD BROS.' REVIEW.

Cables Satisfactory and Manchester Improved—Government Estimate.

(Special Star Telegram.)

New York, July 25.—Cables were satisfactory and Manchester was improved. The feature at the outset was a good covering demand from Wall Street with somewhat more outside interest. Old crops were dormant and bull activity less of a factor. The new crops took the lead on the advance and sellers were scarce. The government estimate for August made up to today is expected to show bullish figures about which there are the usual estimates. Texas still has an absence of rain and the high temperatures are increasing. With shorts as chief buyers the market displayed much strength and animation during the day. The certified stock shows a steady increase and is now 127,000 bales.

HUBBARD BROS. & CO.

THE FINANCIAL MARKET.

New York, July 25.—Money on call easy 1 1-2 to 2 per cent., ruling rate 2, closing bid 1 3-4, offered at 1 3-4. Time loans very dull and steady; 60 days 3 to 3 1-4 per cent. and 90 days 3 3-4 to 4 1-4, six months 5 to 5 1-4. Prime mercantile paper 5 1-2 to 6 per cent. Sterling exchange steady with actual business in bankers' bills at 4.8355 to 4.8360 for 60 day bills and at 4.8560 for demand. Commercial bills 4.83 to 4.83 3-8. Bar silver 54 1-8. Mexican dollars 44.

NAVAL STORES.

New York, July 25.—Rosin and turpentine steady.

Savannah, July 25.—Turpentine firm 68 to 69 3-4; sales 2,040; receipts 692; shipments 169; stock 1,389. Rosin firm; receipts 2,289; shipments 7,197; stock 59,875; sales 1,849. Charleston, S. C., July 25.—Turpentine quiet 68 1-2 to 69 3-4. Rosin quiet. Quote: A, B, C, 5.70; D, 5.80; E, 5.90; F, 5.97 1-2; G, 6.00; H, 6.02 1-2; N, 6.05; K, 6.25; M, 6.70; N, 6.95; WG, 7.10; WW, 7.15.

Napoleon's Grit.

was of the unconquerable, never-say-die kind, the kind that you need most when you have a bad cold, cough or lung disease. Suppose troches, cough syrups, cod liver oil or doctors have all failed, don't lose heart or hope. Take Dr. King's New Discovery. Satisfaction is guaranteed when used for any throat or lung trouble. It has saved thousands of hopeless sufferers. It masters stubborn colds, obstinate coughs, hemorrhages, la grippe, croup, asthma, hay fever and whooping cough and is the most safe and certain remedy for all bronchial affections. 50c, $1.00. Trial bottle free at Robert R. Bellamy's.

WHITEVILLE NEWS NOTES.

Personal and General Notes From Columbus County—Other Items.

(Special Star Correspondence.)

Whiteville, N. C., July 25—The eight months-old infant of Mr. and Mrs. Charley Butler, of Vineland, died Saturday morning and was buried Sunday in the family burying ground. Mr. Butler is a member of the firm of the Vineland Bargain House and he and Mrs. Butler have the sympathy of many friends in their loss.——Mr. and Mrs. Homer Lyon and children left today for Elizabethtown to visit the family of Judge Lyon.——Mrs. Lawrence Harrelson, of Mount Olive, is visiting here.——Mr. and Mrs. Oscar High and children left today for Lake Waccamaw where they will spend the remainder of the Summer. They will occupy their lovely bungalow, which has just been completed.——Mr. J. L. Memory has returned from a visit to Ocean Springs, Miss., New Orleans and Mobile.——The tobacco barn filled with tobacco of Mr. Robt. Curran, caught on fire yesterday, but was extinguished before any serious damage was done.

Court convened this morning with Judge Ferguson, of Waynesville, presiding.

Mr. and Mrs. Robt. J. Gantt, of Spartanburg, arrived in Whiteville yesterday.

Beware of Ointments for Catarrh that Contain Mercury,

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by Druggists, Price, 75c. per bottle.

Take Hall's Family Pills for constipation.

The COLUMBIA Refrigerator

If there is one thing more than another that a person should choose with care it is their refrigerator.

Your health is, to a certain extent, dependent upon it; for in it, for keeping, is placed the food you eat—your refrigerator must preserve.

The Columbia is the best by actual test—in it things keep perfectly—no taint—all parts easily removed for cleaning—we have them with both galvanized iron and white enamel linings. Prices $8.50 up. Water coolers all sizes.

BOTH CLAIMING VICTORY.

No Hope of Settlement by Arbitration on Grand Trunk.

Montreal, Que., July 25.—With the hope of a settlement by arbitration lost tonight, today for the first time since the strike started, both sides claim that the day's developments means ultimate victory.

The Grand Trunk Railway officials were jubilant tonight. "We announced this morning just what we intended doing today," the officials' statement declares, "and we are pleased to be able to say that we did a great deal more. On the eastern division we stated that 14 freights would be operated. The records up to 9 o'clock is 23 and more are going out. Reports from other divisions are of a like tenor. All we want is protection for the men willing to work and we will do the rest."

"The statements of the company regarding the operation of freight trains are very much exaggerated," said Mr. Murdock, vice president of the trainmen.

"It is true they are running a few freights, but they do not amount to 2 per cent. of the normal business of the line. The way freights are merely making a pretense of running over the road doing about a quarter of their usual business."

No word has been received from the Minister of Labor today and he seems to have decided that nothing further can be done with regard to arbitration. No disturbance of any moment was reported.

RASH ACT OF DENTIST.

Former Virginian Slashed Wife's Throat and His Own.

Cincinnati, O., July 25.—Dr. William Burnley, a dentist, recently from Richmond, Va., cut his wife's throat and then slashed his own throat inflicting injuries that will probably prove fatal in both cases.

Burnley's tragic act is attributed to craze from the extreme heat.

Mrs. Burnley was barely able to stagger to the door of their flat and call for help before collapsing from loss of blood. In the meantime Burnley used the same weapon, a razor, on himself and was found bleeding to death in the bathroom from gashes in the throat.

The Burnleys came to this city about two months ago from Richmond, Va. It is said that both are well connected in the Virginia capital. They have two children, both girls, who are at boarding schools somewhere in the East.

At the city hospital tonight, it is said that Mrs. Burnley would die and that Burnley is in a precarious condition.

BURGAHAW COMPANY FAILS.

Constructing Electric Railway From Haw River to Burlington.

Durham, N. C., July 25.—The Burgahaw Company, a corporation engaged in the construction of an electric railway between New River and Burlington, went into the hands of a receiver today. Charles A. Scott, a banker, qualified as such by filing a bond. The amount involved is about $100,000, the difficulty being caused by certain sub-contracts. The road is about three-fourths completed, and, it is believed, the financial condition of the company soon will be restored.

CUT OFF FROM SUPPLIES.

Railroad Strike Causes Serious Situation on Central Vermont.

Palmer, Mass., July 25.—Several towns and villages along the Central Vermont Railroad are much inconvenienced by the strike. In Monson, one woolen mill has closed and in Stafford, Conn., ten woolen mills may have to shut down unless they can get supplies. The food supply in Stafford has been short for several days.

A quantity of freight is being moved on the New London & Northern division of the Central Vermont, but a congestion exists at Palmer and other points.

BREAD POISONED SOLDIERS.

Occurred at Johnson City, Tenn.—Physicians Kept Busy.

Bristol, Va., July 25.—It became public today that a large number, probably 500 old soldiers at the mountain branch of the National Spring home at Johnson City, were poisoned by bread pudding which they ate Saturday evening. The home corps of physicians were kept busy for several hours. Two deaths at the home occurred last night. Officials of the home deny that the deaths were from that cause.

The messages from the merchants are always interesting—and usually affect the "state of your purse."

TO UNITE EFFORT FOR WATERWAYS

(Continued From Page Six.)

its waterways and a sentiment should be created that will induce legislators to pass laws, regulating the use of the streams. In speaking of preservation of the forests he said Wilmington was also interested in this important matter, but it was surprising how little interest was taken by some in matters that do not directly concern them. His idea of a Representative in Congress was first to serve his constituents and then work for the interests of all the people. In speaking of the need of drainage he said that thousands and thousands of acres of land in North Carolina, as fertile as lands in the Mississippi valley, may be reclaimed. Steps to reclaim this land should be taken at once and induce the thousands of Western farmers who are now going to New England to come to this section to live. North Carolina is still an agricultural State and will be so for years. Mr. Small said that another resource is the fish. There are laws here and there governing the fish industry, yet they have never been made general so as to the greatest amount of good.

Congressman Small would like to see the Wilmington Chamber of Commerce appropriate $5,000 or $10,000, or as much as needed, to send a thoroughly posted man to every city and town in North Carolina to impress upon the people the importance of the development of the State—the conservation and utilization of her resources. Committees are sent from here to Raleigh every two years. They are not pleased with the reception accorded them by the Legislators. Between demagoguery and ignorance a false impression has been created among those who compose the Generaly Assembly. In passing, Mr. Small tarried to say that Wilmington had at the head of its Chamber of Commerce a thoroughly posted man, a man who leads along the right lines.

Returning to the subject of waterways, he said that it was proposed to have an inland waterway route from Boston to Key West, Fla., and said that it was surprising how little work would have to be done. The link is from Boston to Long Island Sound, the next is across the State of New Jersey, from Delaware river to Chesapeake Bay, from Norfolk to Beaufort to the Cape Fear, to harbor of Georgetown, and, the last link, from Jacksonville to Key West.

What will Wilmington do? he asked. The waterways project can be realized only through united action. The trouble is the projects have been localized too much; they have been too sectional. We cannot build up any considerable project in any such way. In order to get her 30-foot channel Wilmington should join hands with all other projects. He said that some day a fleet of vessels will sail from Boston, pass Wilmington and on to Jacksonville, Fla., which assertion brought forth enthusiastic applause. The progressive spirit, he said, had taken possession of the people all along the Atlantic seaboard.

The States on the seaboard south of Wilmington have not evinced the interest they should in such an important matter, said the speaker, who stated that he would leave it for the gathering to say whether Wilmington had shown the proper interest. Much depends on your city, said the speaker, as Wilmington is regarded as a leader in this movement for development of waterways. Mr. Small said that excavation of canals and improvement of streams do not fill all the requirements of building up waterways and improvement of traffic. Terminals must be constructed. Modern terminal facilities must be provided so that freight may be transferred and stored. These should be owned by the State or municipalities and should be free for use by steamers and barges. He did not know how much wharfage was owned by the city of Wilmington, nor the extent of the facilities, but suggested that it was a matter of serious concern. There should also be established a physical connection with railroads. The time has come when one must realize that railroads and waterways development go hand in hand. In Germany where the railroads are owned by the government they are making greater improvements of waterways than any other country, which shows conclusively that the interests are mutual and should work together. The speaker had not yet seen a railroad man in this country using his influence against improvement of the waterways.

The evil of joint ownership of railroads and steamboat lines was next touched upon by the speaker, who said One of the Nation's chief resources is that it was impossible for any set of men to manage railways and waterways so they will justly serve the public. The time will come when the railways and waterways will be divorced. Steamship lines should be in competition with railroads. There is not a single line operating between the North and the South, he said, that is not owned by one of the trunk lines operating in the South.

He referred to the provisions in the recent Rivers and Harbors bill for the improvement of the Cape Fear above Wilmington. Fayetteville, he said, expects the improvements to inure to her benefit in the matter of rates, but whether it will or not depends upon whether Wilmington gets the rates she should have—whether she is in position to demand the rates she should have. The speaker regretted that he had not had time to read the recent address of President Taylor on the rate question. He had seen a reference to it in an editorial in the Charlotte Observer and was of the opinion that the reason Norfolk was given a better rate than Wilmington was because that city is in a position to demand better rates. The golden opportunity of Wilmington, he said, was the construction of the waterways as proposed, thereby putting the city in a position to demand equality of rates.

The speaker was amazed at the gross ignorance of men throughout the State relative to the State's waterways. Not long ago he was talking to a man who does not live east of Raleigh and who has served several terms in the Legislature, and when reference was made to having the waterways canal 12 feet he wanted to know why it was necessary to have it that depth, when Wilmington had only 10 feet. Such ignorance prevailing over the State relative to Wilmington and waterways is the reason Congressman Small suggested the employment of a man by the Chamber of Commerce to disseminate information.

Congressman Small paid a tribute to North Carolina's representatives in Congress and made special reference to the work of Senator Simmons, who has done so much for waterways development. In conclusion he suggested that Wilmington should entertain all the Congressmen and the two Senators some time this Winter and show and tell them that Wilmington is still the gateway to the sea and will ever remain so.

President Taylor said that Congressman Small had made a fine suggestion with reference to the employment of a man to tell of Wilmington's advantages. He conceded that the Wilmington Chamber had not done what it should in the fight for waterways development, but pledged the support of the body in the future. Mr. James H. Chadbourn expressed his appreciation of the excellent addresses of the distinguished visitors and moved that they be tendered a vote of thanks, and also that the Chamber send a delegate to Providence. He also urged others to go as individuals. Mr. Small stated that the Southern delegation to the waterways convention would mobilize at Norfolk, Va., and go from there to Providence by steamer. Arrangements for the trip may be made through Mr. Harvey Dickson, vice president for Virginia, whose postoffice address is Norfolk. The motion of Mr. Chadbourn that the visitors be extended a rising vote of thanks was seconded by Mr. Wm. E. Worth and carried. After the vote of thanks President Taylor declared the meeting adjourned.

THE SITUATION IN OHIO.

Convention to Name Nominee to Oppose Harmon This Week.

Columbus, O., July 25.—The arrival at the capital tonight of James R. Garfield, leader of the "Progressives" in the Ohio Republican Convention, brought no illumination as to the candidate who will be nominated Wednesday to oppose Judson Harmon for governor. Mr. Garfield declined to talk about the governorship at all.

"I am interested in the platform," he said. "The governorship comes second."

He did announce, however, that the fight which he will make for the adoption of a platform more radical than that which the other leaders have suggested does not mean, in any sense, an assault upon President Taft. He declared that there was no disposition on the part of the wing of the party which he represents in Ohio to quarrel with the White House.

In reference to the expected presentation of his own name as a candidate for Governor he merely commented that there are some platforms on which a man could not consent to run.

The leaders of the "regular" wing of the party have not yet arrived at an agreement on a candidate for Governor. With the exception of Geo. B. Cox, of Cincinnati, the leaders including Senators Burton and Dick, State Chairman Ellis and Chairman Walter Brown, of the Toledo delegation, were unanimous in declaring that it was still any man's fight. Mr. Cox continues to claim the nomination of Judge O. B. Brown, of Dayton, upon the second ballot.

In behalf of the "progressives" among the Ohio Republicans, James R. Garfield tonight made public an outline of the planks which they will insist upon incorporating in the State platform to be framed tomorrow night.

In particular he gave in full the endorsement of President Taft to which the "progressives" are willing to subscribe.

The plank relating to the National administration will be substantially as follows:

"We re-affirm our adherence to the great policies announced in the last Republican platform. We express our confidence in the patriotism and sincertiy of President Taft in his efforts to fulfill our party pledges. We endorse his actions in obtain much that was promised and we pledge him our loyal support in his endeavor further to carry forward those policies and to make them effective by proper legislative and administrative action."

STRIKERS WALK TO MUSIC.

Girls in Chewing Gum Factory Demanded Better Wages.

Cleveland, O., July 25.—Twenty-eight girls employed in the hot rollers, kneeders and cutters room, at the American Chicle Company's plant driven to desperation by the tantalizing music at a danzing pavalion in a nearby park, went out on strike here today.

The girls have been getting $1 per day. They want $1.25, the wages paid the wrappers of chewing gum. Trouble brewed when they reported for work today.

The work room was like a bake oven. Outside, though the thermometer was registering a record breaking heat, there was at least a breeze.

May Calver threw off her apron when the music came floating through the window. "Gee, girls," she said, "if the superintendent does not raise our wages let us strike."

"We're on," chorused the others.

When the demand was taken to the superintendent he asked for 24 hours to consider. The girls refused him a minute. He told them to quit.

The strikers proceeded to the pavilion. There they danced and talked over the wage question.

In the meantime the superintendent got busy. "I've filled the places of all the girls with four exceptions," he announced later in the day.

Mobile, Ala., July 25.—Capt. Roberts, British steamer Benedict, reports that when 35 miles southwest of Mobile light he passed a barge marked No. 4048 about 1,300 feet long, loaded with lumber and abandoned, a menace to navigation, being directly in the path of vessels from New Orleans and Mobile.

The New Bonds

If you have North Carolina Four Per Cent Bonds, due July 1st, 1910, send them to us for payment or exchange for the new issue. We purchased $150,000.00 of the new Bonds, which are free of all taxes, and being a State depository are prepared to take up the maturing Bonds.

THE SOUTHERN NATIONAL BANK

RETIRING MAYOR SLAIN WITH BOMB

(Continued From Page One.)

the coal fields 170 miles away, in pursuance of a deep and rather far-reaching plot. Support for this is found in the fact that the dynamite found here today is forty per cent. nitro-glycerine. To the rear of the Bousman yard in a little jungle of weeds and bushes today were discovered two sticks and two half sticks of dynamite. One of the half sticks was loaded and capped, the fuse being wrapped on with coarse cotton cord. The fuse was about two feet long which would take four minutes burning before an explosion. The assassin crept up to the fence and doubtless located the Mayor by the light of his cigar as he slowly puffed it. The Mayor said he heard no noise until the great explosion. When he attempted to arise he discovered that his feet and legs were gone from the knees. The detonation was tremendous. Probably the man who threw the dynamite was fleeing down the path toward the stable when the jar came. People living five miles away say they heard it. A woman who was among the first to arrive at the scene, took off her skirt and tore it into strips that a man neighbor might draw these around the shattered legs.

Detectives are at work on the case tonight and although bloodhounds were expected none had arrived up to midnight.

KEPT BLACKS FROM LANDING.

Armed Citizens Prevented Excursionists From Coming Ashore.

Mobile, Ala., July 25.—Incensed by the hilarious antics, obscene dances and general rowdyism of negro picnickers, who flock to the eastern shores of Mobile bay almost daily during the Summer, the entire male population of Dappine, armed with rifles and shot guns, met the river steamer General Lee today and prevented the landing of 300 negro excursionists.

Dappine is a Summer resort 30 miles south of Mobile and today at a mass meeting there, it was determined that no longer would the women folk of the little town be forced to remain in doors to escape the obscenity and rowdyism of the negro picnickers. Following this meeting the 100 men present marched in battle array to the wharf. The negroes manifested no desire to go ashore and were taken several miles further down the coast.

WILHOIT GOES TO PRISON.

Son of Wealthy Atlanta Man Plead Guilty to Burglary.

Kansas City, July 25.—John Wilhoit, formerly a student at the University of Georgia and a son of W. F. Wilhoit, president of the Cotton Oil Company, of Atlanta, Ga., pleaded guilty to burglary in the criminal court here today. He was sentenced to two years in the penitentiary.
